3.1 李惟新 (会员号码 : FM0459/22) 提议 , 黄璋羽 (会员号码 : FS0473/17) 附议 , 会议一致通过复准前期议案。

4.0 接纳 2021 - 2022 年度会务报告

- 4.1 秘书长刘雁红律师表示今天是第一次以秘书长的身份报告本会会务，会务报告从 2021 年 8 月 1 日到 2022 年 4 月 30 日，这期间商会共有：46 项内部会议、9 项政府部门活动、9 项社团/商团活动、1 次常年会员大会、4 次董事会议和 32 项本会举办的活动。截至 2022 年 4 月 15 日为止，本会会员人数为 1,383 位会员商家，其中 1,271 位会员商家为永久会员，110 位会员商家为普通会员，2 位会员商家为附属会员。
- 4.2 秘书长刘雁红律师表示本会在这一年内有两项重大活动，一是赈灾行动，一是慈善活动，在疫情期间虽说无法举办大型活动，但商会仍秉持着取之社会，用之社会的精神，对会员及大众付出，因此疫情期间秘书处也忙碌于赈灾和慈善活动上。
- 4.3 王为圆（会员号码：FT0490/10）提议，苏顺昌（会员号码：FS0454/16）附议，会议一致通过 2021 - 2022 年度会务报告。
- 4.4 会长拿督陈杰辉表示为了提升商会服务，协助中小型企业解决面对的专业和员工纠纷问题，本会成立【巴生中总专家咨询组】，以最低成本让会员商家们得到专业人士的咨询服务，希望会员商家们把握机会参与其中；而在这一年内也感谢董事及会员商家有钱出钱，有力出力，协助本会的抗疫和赈灾活动。

5.0 接纳 2021 年度财务报告

- 5.1 财政李伟丞硕士报告，2021 年度财务报告从第 127 页至第 155 页，本会的总资产共 RM8,560,395。
- 5.2 财政李伟丞硕士表示 2021 年的总收入为 RM269,080，主要来自会员年捐、产地签证、定期存款利息及财产处置收益，去年本会也修改会员章程，终止新的永久会员籍，因此永久会员会费从 2020 年的 RM85,530 下跌至 2021 年的

RM47,000；开销方面与 2020 年相比少了 RM57,888，开销上控制良好，但因行动管制令期间无法举办周年庆晚宴，因此本期亏损 RM366,850。

- 5.3 周原德（会员号码：FM0356/15）提议，葉福财（会员号码：FT0094/94）附议，会议一致通过接纳 2021 年度财务报告。

6.0 讨论事项

6.1 讨论会员提案

6.1.1 大会一致通过以下提案:

(A) 宏观经济及政府政策

Macro-Economics and Government Policies

1. 提案： 1. 呼吁政府加速处理外劳短缺问题，如提高外劳批准率，放宽外籍员工与本地员工的批准额度和比例。
2. 呼吁政府全面开放给所有领域申请外劳，以解决劳工短缺的问题以及提高国家出口竞争力。
3. 呼吁政府提高外劳集中管理系统(FWCMS)网上批准的透明度，同时简化申请流程，核准的准则及缩短批准时间。

- 案由： 1. 我国自行动管制令起，不再引进外劳，造成劳工短缺。
2. 当旧有外劳遣送回国后，新一批在疫情期间无法抵达我国，加上本地所需的劳工和现有外劳不足够，以致多个领域一度陷入人手短缺困境，成为经济发展受阻的因素之一。
3. 现在外劳只被允许离开马来西亚，而公司不被允许申请新外劳。这个情况已经延续了几年的时间。虽然政府现在允许外劳漂白计划，可是即使现有的外劳成功被漂白，劳工还是短缺的。

4. 政府要减少我国非法外劳，就应从漂白和简化政策着手，把目前已在大马就业的非法外劳合法化后，并严厉取缔日后的非法外劳，这无损我国经济平稳运行，也是解决问题的最有效方案。
5. 开放给特定领域申请外劳，尤其是工业、种植业和家私业，解决人力严重的问题，才可以接更多订单增加外汇收入。
6. 我国中小型企业需要时间及财务援助和支撑来发展数码化营运，迈入工业自动化 4.0，所以在发展过程中，还是需要外籍劳工。
7. 本国有 200 万合法外劳，另有 400 万非法外劳，所以落实一个有效、透明的外劳管理机制才是关键。尤其在此充满挑战及疫情严重之时。
8. 政府所推出的重新安置非法移民计划不透明及条件严格，导致想要将非法外劳合法化的目标本末倒置。
9. 虽然目前外劳申请流程可通过 FWCMS 系统线上申请，但许多企业并不清楚其申请流程和标准，导致许多企业仍重新使用代理来帮助他们申请外劳，因为批准的机会似乎更高。最后因受到滥用职权和腐败的影响导致申请效率低。

处理方法： 已提呈至马来西亚中华总商会、马来西亚投资发展局及雪兰莪投资发展局处理

2. **提案：** 呼吁政府在未来修改最低薪金制时，应多聆听工商界的意见，及采取逐步提高幅度的策略。

案由：

1. 在中小企业尚未从 Covid-19 新型冠状病毒危机中完全恢复时，最新的最低薪金制的要求对中小企业的影响甚巨。中小企业需要同时面对许多巨大的挑战，如劳动力短缺、材料成本上升、部分由俄罗斯-乌克兰战争造成的供应链中断和货币疲软等问题。
2. 在没有生产力的情况下增加工资和提高生产力对企业和整个国家的经济都是不利的。马来西亚的劳动生产率在 2021 年第三季度已经下降了 5.6%。

3. 劳动力成本的突然飙升会导致企业将商品和服务的价格提高，并转嫁给消费者。这将会导致国家发生恶性通货膨胀。

处理方法： 已提呈至马来西亚中华总商会处理

3. **提案：**
1. 呼吁政府放宽 2019 年员工房屋、住宿和设施基本标准（修正）法令（446 法令）的宽限期至 2025 年。
 2. 呼吁地方政府探讨在工厂/园丘/农业地和建筑工地内，放宽条例允许建立劳工宿舍，并为开发商和企业家提供更多的投资奖掖，以建立更多的员工集中宿舍（CLQ）。
 3. 呼吁政府或人力资源部设立一站式服务中心（One Stop Centre, OSC），以处理厂商建立员工宿舍的课题，同时应简化及透明化批准流程。

- 案由：**
1. 我国政府于 2021 年 2 月 17 日，发布了第 446 号法令，将未能为工人提供适当住房设施的雇主或住宿业主处以更严厉的处罚（最高 200,000 令吉的罚款或三年的监禁或两者兼施）。
 2. 依据现有修正后的 446 法令，大多数的中小型企业无法符合条件，同时地方政府和中央政府对此法令无统一的审核标准，政策中存在的差异导致商家困扰。
 3. 放宽 446 法令的宽限期，让雇主有更多的时间为本地和外籍员工提供安全及有利的住宿条件。在过渡期，允许雇主在工厂内建立劳工宿舍。
 4. 目前所实行的申请流程，因涉及多个政府部门造成商家的困扰和申请的时间的延误。

处理方法： 已提呈至马来西亚中华总商会处理

4. **提案：** 呼吁政府鼓励中小企业投入电子商务领域及企业数码化，并通过多媒体管道加强宣传与推广所推出的税务奖掖或融资计划或辅导计划，以让更多商家知道。

案由： 1. 全球经济前景未明朗的形势下，本地中小企业应把握难得的战略机遇，善用政府机构的各种奖掖配套和优惠政策，配合政府启动的数字经济大蓝图，进军跨境电商、接轨全球市场，为马来西亚优质的本地产品开拓更多国际销路。
2. 新冠肺炎疫情加速我国人民与企业使用电子商务，这样的消费新趋势将成为常态。

处理方法： 已提呈至马来西亚中华总商会处理

5. **提案：** 呼吁政府坚持落实国家反贪污计划的承诺，继续积极及公平的打贪，并依法行政杜绝滥权，从而创造良好经商环境，吸引更多外商来马投资。

案由： 1. 虽然中央政府和一些州属已由新的执政党执政，但有些旧官员还是活在旧思维和采取不配合的态度，造成打贪进度缓慢。
2. 贪污足以摧毁国家，导致政治不稳定，商业活动受阻，民众也无法获得公平及正义。这将影响外国投资者来马投资。

处理方法： 已提呈至马来西亚中华总商会处理

6. **提案：** 呼吁政府应采取应对措施以控制不断上升的通货膨胀率，如政府或贸销部应该严格监督和管制物价上涨的问题；同时应改善经商环境以减少营运成本。

案由： 过去 2-3 年因新冠肺炎疫情导致材料成本一直上涨，部分的原因是俄罗斯-乌克兰战争造成的供应链中断、中国部分地区因实施封锁而造成的经济活动中断。

处理方法： 已提呈至马来西亚中华总商会处理

7. 提案： 呼吁政府举行地方议会选举。

案由： 商业产业和工厂等业主的其中一个负担是每半年收一次的产业估值税，俗称门牌税，政府与其给予业主额外税务减免，不如提供门牌税减免更为实际，也更能鼓励各购物广场，商业产业和工厂的业主投桃报李，给予租户租金减免。

案由： 1. 最近工业 4WRD 政策的进展大多闻所未闻。即使当时的政府发生了更迭，政府的政策和方案仍应继续执行，因为不必要的改变或取消对国家有利的方案，会造成资源的浪费和国库的损失。

2. DISF 资金已经枯竭，RA 和干预基金也在快速消耗，许多中小企业仍未从中受益。

3. 政府在审批企业自动化援助金的申请上，也需了解该企业的工业状况，及关注刚刚入门自动化的中小型企业，以更低的门槛提供援助。

处理方法： 已提呈至马来西亚中华总商会、马来西亚投资发展局及雪兰莪投资发展局处理

19. 提案： 呼吁州政府以优惠价或推出低息贷款租赁种植地予农民，同时加强宣传及简化租赁程序，以提高水果蔬菜等农业产量及农民的收入。

- 案由：
1. 我国水果种植也正蓬勃发展，为国家带来极大受益，但农民面对缺乏农地，以种植火龙果及其他蔬果。
 2. 目前租赁私人农地价格昂贵，加重种植成本，影响农民的收入。

处理方法： 已提呈至马来西亚中华总商会处理

20. 提案： 呼吁政府全面加速提升我国的宽频网络覆盖率及服务质量，继续扩大涵盖宽频的服务范围，及提高全国工业区的高速宽频 (HSBB) 覆盖率和加速 5G 设备，以提供更优质、稳定及快速的服务，促进国内电子商务的发展，也让城市边缘地区受惠，及让工业区有更快和可负担的网络服务。

案由： 1. 疫情后的新常态出现新契机，网络尤为普遍，这绝对是未来影响我国经济增长的因素之一。尽管近年来全国各地的网络服务已经略有改善，且价格也有所降低，可是在大部分乡村地区的网速依然缓慢、不稳定且价格昂贵。在顺应电子时代发展，并惠及全国人民的需求下，建议政府在铺建宽频电讯基建时，应不只是关注城市居民，也需涵盖全国各乡区，扩大涵盖宽频的服务范围，让全国人民通过网络来适应新冠肺炎疫情后所带来的生活改变。

处理方法： 已提呈至马来西亚中华总商会处理

(D) 教育与培训

Education and Training

22. 提案： 呼吁政府有制度的拨款兴建华小。

案由： 1. 教育部推行的《2013 - 2025 年教育大蓝图》没有提出制度化增建华小等源流学校，反而提出合并和关闭微型学校，致使华小的学校数量减少。这将让华小爆满的现象更加恶化，供不应求。

2. 华小应建设在华人人口密集的新城镇。

处理方法： 已提呈至马来西亚中华总商会处理

- 23. 提案：**
1. 呼吁政府通过 HRDF 拨款培训失业、待业及大学生，让他们能够重新技能培训，以提高技能水准符合人才市场的需求。
 2. 呼吁政府提供税务奖掖鼓励大学及企业，以产学合作方式培育出符合社会需求的人才。

案由：

1. 国家朝向先进国需要培养更多技术工人，以应付国家技术及服务领域的庞大需求，而掌握一技之长，除可提升竞争能力，也能同时解决经济不景气所带来的失业率。
2. 大学的任务是培育人才、传播知识、进而知识创新，必须培育出符合社会需求并能以创新方式带动进步的人才，因此企业可以透过产学合作研究，帮助企业解决问题突破经营困境，从中也丰富教学内容，建立实务经验，让学生毕业后学以致用，增加就业率并促进经济成长。

处理方法： 已提呈至马来西亚中华总商会处理

- 25. 提案：** 呼吁政府在疫情之后马上放宽及简化对外国游客签证的批准条件以快速振兴旅游业。

案由： 旅游业是一种无形的生产产业，但驱动力强，可以直接或间接地促进交通、商业服务、建筑、金融、房地产等行业的发展，也可以促进整个国民经济的发展。目前旅游业是马来西亚进口收入的第三大来源，仅次于制造业和商品，如放宽对外国游客的签证批准条件，将吸引更多的游客来马，这将可提升我国的经济和外汇收入。

处理方法： 已提呈至马来西亚中华总商会处理

- 26. 提案：** 呼吁地方政府朝向智能城市的方向发展，在巴生各地区设置 CCTV 监控系统，以改善当地治安。

案由： 治安对于营商环境与人民非常重要，拥有和谐的环境才能促进商机和有利于居住环境，可参考中国的做法，在各个地区设置监控系统，以杜绝罪案的发生。

处理方法： 已提呈至马来西亚中华总商会处理

- 27. 提案：** 呼吁政府改善雪州的排水系统，避免水灾重复发生。

案由： 雪州巴生在 2021 年 12 月下旬遭遇 40 年以来最严重的水灾，灾区范围广大，灾黎人数众多，因此有效的排水系统有助于避免水灾的发生。

6.0 Matters Arising

6.1 Discussion on Prepared Motions submitted by Members

6.1.1 The meeting unanimously approved the following motions:

(A) Macro-Economics and Government Policies
--

- 1. Proposal :**
- 1. To urge the government to expedite the resolution of shortage of foreign workers, such as increase the approval rate for foreign workers by being more lenient on the approval quota and ratio of foreign workers to local workers.**
 - 2. To urge the government to open application for hiring foreign workers to all sectors in order to resolve the labour shortage and enhance the nation's competitiveness in exports.**
 - 3. To urge government to provide more transparency in the approval process of the FWCMS online approval process, including the process flow, approval criteria, and approval turnaround time, etc.**

Rationale : 1. Malaysia has ceased to bring in foreign workers since the imposition of the Movement Control Order (MCO), resulting in labour shortage.

2. Labour shortage is one of the factors which hinder economic development as foreign workers whose work permits/travelling documents had expired were repatriated to their home countries while newly recruited ones are unable to travel to Malaysia due to the current pandemic. This coupled with the insufficient number of local and foreign workers presently available has caused labour shortage in many sectors.
3. Currently, foreign workers are only allowed to leave Malaysia and companies are barred from recruiting new foreign workers. Such a situation has continued for several years. Although the government has implemented the Foreign Workers Rehiring Program, labour shortage will still persist even though all existing foreign workers were successfully rehired under the program.
4. To reduce the number of foreign workers in Malaysia, it is imperative for the government to focus on the rehiring program and simplification of policy to legalize illegal foreign workers who are already working in the country and thereafter firmly crack down on illegal foreign workers. This will not impede the economy from operating steadily and represent the most effective solution to the problem.
5. The government should allow specific sectors, such as the industrial, plantations and furniture sectors to apply for the hiring of foreign workers to resolve their labour shortage so as to generate more orders and foreign exchange.

6. Small and Medium Enterprises (SME) in the country need time and financial assistance and support to develop their digitized operations and embrace the automated Industry 4.0. Hence, SME still require foreign workers in the transition to digitization.
7. There are some 2 million legal foreign workers and estimated 4 million illegal foreign workers in the country. The key to resolve issues surrounding foreign workers is the implementation of an effective and transparent foreign worker management mechanism, especially in the current challenging of the pandemic.
8. The government' s Recalibration Plan for Illegal Immigrants is not transparent and contains harsh conditions, defeating the intended objective of legalizing illegal foreign workers.
9. The complete foreign workers application process is now online through FWCMS system, but many businesses are not clear about the application process and criteria. This results in many businesses still going back to using agents to assist them to apply for foreign workers, as the chances of approval seem higher. At the end, the application process is inefficient and subjected to abuse of power and corruption.

2. **Proposal : To urge the government to consider more the views of the business community when revising the Minimum Wage scheme in future and adopt a staggered wage increase strategy.**

Rationale : 1. The impact of the latest minimum wage requirement on SMEs is very severe during the time when SMEs have not fully recovered from the Covid-19 pandemic crisis. It is too much for SMEs to absorb as they have to deal with too many challenges at the same time, i.e shortage of labour, rising material cost, disruption to supply chain partly caused by the Russia-Ukraine war, and weak currency.

2. Increase in wages without an increase in productivity is bad for businesses and the country' s economy in general. Malaysia' s labour productivity has already declined by 5.6% in the third quarter in Y2021.

3. The sudden spike in labour cost will force businesses to pass the cost increase to consumers by increasing prices of goods and services. This will lead to spiral inflation in the country.

3. **Proposal :** 1. **To urge the government to extend the grace period for the implementation of the Workers' Minimum Standards of Housing and Amenities Act 2019 (Amendment)(Act 446) to 2025.**

2. **To urge local governments to explore the possibility of relaxing the relevant regulations to allow the construction of workers' housing on the compound of factories/estates/agricultural and building sites, in addition to providing more incentives to developers and entrepreneurs to build more Centralized Living Quarters (CLQ).**

- 3. To urge the government or the Ministry of Human Resource to set up a One-Stop Centre to address the issue of construction of staff housing by manufacturers and to simplify the approval process and introduce simplified and transparent approval conditions.**

- Rationale :
1. On 17 February 2021, the Malaysian government proclaimed Act 446 to provide for more stern penalty on employers or housing owners who fail to provide suitable housing and amenities for workers with a maximum fine of RM200,000 or three years' imprisonment, or both.
 2. According to the amended Act 446, most SME are unable to comply with the requirements of the Act. Business owners are perplexed by the absence of uniform approval criteria by local governments and the central government and policy discrepancies.
 3. Extension of the grace period for the implementation of Act 446 will give more time to employers to provide safe and conducive housing for local and foreign workers. It is hoped that employers are allowed to construct workers' quarters within factory compounds during the transitional period.
 4. The present application process is troublesome for manufacturers and causes delays in application as it involves several government agencies.

- Rationale : 1. Although the federal government and some state governments have changed hands, some existing officers continue to uphold their old mind-set and remain uncooperative with the new government, leading to the slow progress of the anti-corruption drive.

2. Corruption can destroy a nation and result in political instability, stagnant business activities and deprive the public of fairness and justice, affecting investment in the country by foreign investors.

6. **Proposal :** To urge the government to take appropriate measures to curb the escalating inflation such as strict monitoring and control of rising prices by the government or the Ministry of Domestic Trade and Consumer Affairs and at the same time improving the business environment to reduce the cost of operation.

Rationale : During the past 2-3 years , costs of materials have been rising due to the outbreak of the pandemic partly caused by the disruption in supply chain resulted by the Russia-Ukraine war, and the disruption in economic activities in several parts of China caused by the lockdowns.

7. **Proposal :** To urge the government to hold election for local councils.

Rationale : Currently, councilors of local councils are appointed by the respective state governments. To enable the people to have a bigger say and to create a more democratic society, it is proposed to allow the people to manage and elect their local councilors who are capable, honest and dedicated in serving the local population.

8. **Proposal :** To urge local governments to waive the assessment for the second half of 2022 and whole year of 2023 for a total of 18 months so as to help business operators to tide over the present difficulties caused by the Covid-19 pandemic.

Rationale : The biggest financial burden for owners of commercial property and factories is the assessment payable every half yearly. Instead of providing extra tax relief to property owners, it will be more practical for the government to offer relief on assessment as the benefit could be passed on in the form of rental relief to tenants of commercial property such as shopping malls.

9. **Proposal :** To urge the government, in view of the scrapping of the U-Customs System, to expedite the utilization of custom systems with the latest IT technologies, in line with those used by advanced countries, to replace the present archaic infrastructure.

Rationale : Currently there are too many individual systems in place with no proper integration and these systems require too much manual input, which will eventually lead to erroneous results and prone to unscrupulous practices. With modern AI, all the inherent flaws in the current systems will be resolved, with advanced infrastructure acceptable globally on similar platform, hence reducing the cost of doing business and increasing productivity.

10. **Proposal :** To urge the government to introduce more measures to support SMEs to adopt the RCEP. Government agencies have to brief SMEs accordingly through sessions organized by the agencies to facilitate the implementation of RCEP.

Rationale : Malaysia ratified RCEP in January 2022, and started to implement it on 18 March 2022.

- 11. Proposal : To call upon the government to organize more exhibitions/fairs when appropriate to promote Malaysian products to China to take advantage of the immense opportunities created by China' s Dual Circulation economy strategy.**

Rationale : China is actively fostering a new development paradigm of Dual Circulation with domestic circulation as the mainstay and domestic and international circulations reinforcing each other. With a population of 1.4 billion and a huge middle class of 400 million people, China is forming a vast consumer market with enormous potentials.

The economic Dual Circulation strategy and the continual improvement in socio-economic conditions will further open up the consumer market in China, offering an opening for Malaysian economy and businesses which have been long troubled by the current pandemic. The government should help local SME under the framework of the Belt and Road Initiative to export more products to China to enjoy the bonus offered by China' s huge consumer market.

(B) Taxation

- 12. Proposal : To urge the government to gradually lower on a yearly basis the following tax rates :**

1. From the maximum 30% to 20% on personal income.
2. From 17% to 15% on profit of less than RM0.6 million achieved by SMEs.
3. From 24% to 20% on profit of more than RM0.6 million achieved by SMEs.

4. Investment holding companies should be entitled to the same tax regime as SME.

Rationale : 1. The corporate tax rate of 24% imposed on large companies in Malaysia is higher than the tax rates of Singapore, Hong Kong (17%) , Thailand and Vietnam (both 20%) .

2. A preferential policy of lower corporate tax rate will not only reduce operating cost and benefit economic growth but will also stimulate the growth of Direct Domestic Investment. It will also attract the influx of Foreign Direct Investment, thus creating more job opportunities, enhancing international competitiveness of local businesses as well as promoting export trade.

13. Proposal : To urge the government to waive across the board the 3-year Real Property Gain Tax (RPGT) on individuals, companies and foreign investors in order to help boost the property market.

Rationale : 1. The property industry (including houses, factories, land and businesses) is a leading and fundamental industry of Malaysia' s economy. It is also a capital and labor-intensive, industry-driving sector having a long industry chain and multiple ancillary sub-sectors.

2. The waiver of RPGT will be a boon to the property market which has been adversely impacted by the Covid-19 pandemic and will stimulate property transactions, prompting the nation' s economic growth.

14. Proposal : To urge the government to reintroduce the GST with a starting rate of 3% and abolish the present Sales and Services Tax (SST).

Rationale : 1. The reintroduction of the GST will contribute towards more equitable tax regime and increase revenue for the nation.

2. GST is a more efficient tax system as compared to SST which has many loopholes.

(C) Trade and Industry

15. Proposal : To urge the government to provide more clarity and updates, more active and continued promotion on “Industry 4WRD: National Policy on Industry 4.0” which was launched on 31/10/2018. Also to urge the government to provide more allocation for DISF, Readiness Assessment (RA) and Intervention Fund to support SMEs in adopting Industry 4.0, especially for SMEs which are new to Industry 4.0.

Rationale : 1. Lately the progress of the Industry 4WRD policy was mostly unheard of. Even though there was a change in government of the day, government policies and programs shall be continued since unnecessary changes or cancellation of programs which are beneficial to the country, will result in the waste of resources and losses to the government coffers.

2. The DISF funds have dried off. The RA and Intervention Fund have also been depleting fast. Many SMEs still have not benefitted from these funds.

3. When examining and approving applications for industrial automation grant, it is imperative for the government to understand the industrial conditions of the applicants and to pay attention on SME which have just embarked on automation and provide assistance to them with lower thresholds.

16. Proposal : To urge the government, such as MATRADE to set up a One Stop Centre (OSC) to assist exporters to resolve and fulfill the ESG requirements of importing countries (especially Europe and the United States).

Rationale : Local exporters often lack an understanding on ESG requirements, resulting in the infringement of regulations of western countries and subsequent forfeiture of commodities, import ban or fines by such countries, causing financial or reputation loss.

17. Proposal : To urge the government to utilize part of the levy collected on foreign workers to help fund the automation transformation of SMEs, and to intensify publicity, provide financial assistance, and conduct training programmes to assist the transformation of SMEs towards automation and Industry 4.0.

Rationale : 1. Most local SME lack a clear understanding on Industry 4.0 and are still in the stage of elementary knowledge/exploration.

2. SMEs are unable to face competition in the international market due to their inability to embrace automation as a result of the lack of capital and information.

- 18. Proposal :**
- 1. To urge the Ministry of Agriculture to actively publicize and promote modern agriculture and provide relevant information and funding to agricultural entrepreneurs. At the same time, the government should enhance its policy and allocation to promote the use of modern agricultural technology and encourage youth to venture into agricultural activities.**
 - 2. To urge the government to open more idle land for application by the people and encourage Malaysians to develop idle land to increase usage and production of agricultural produce and food, thereby increasing farmers' income and their contribution to the nation.**
 - 3. To urge the Ministry of Agriculture and Food Industries to conduct and publicize courses on Urban Farming so as to educate and encourage the people to make use of vacant land of their houses.**

Rationale : 1. Agriculture has immense potentials due to Malaysia' s strategic geographic location and abundance of natural resources. With the proper input of human resource, capital, technology and innovation, the sector will grow by leaps and bounds, achieving not only self-sufficiency in food production but also food exports to generate more income for the people.

2. With the advance of modern technology, the development and operation of idle land will ensure the use of modern agricultural technology , thereby effectively increasing crops production and income of farmers and encouraging more youths to involve in the agricultural sector and reducing the reliance on labour.
3. People may plant vegetables and fruits on vacant land of their houses to achieve self-sufficiency.

19. Proposal : To urge the state government to lease farm land to farmers at concessionary rates or provide low interest loans for leasing while intensifying publicity and simplifying the lease process so as to increase fruits and vegetables production and farmers' income.

- Rationale :
1. Malaysia' s fruit growing industry is booming and brings substantial benefits to the nation. However, farmers are facing the shortage of farm land to grow fruits such as dragon fruit and vegetables.
 2. The current rentals for private-owned land are high, increasing the cost of farming and affecting farmers' income.

20. Proposal : To urge the government to increase the overall coverage of broadband, High Speed Broadband (HSBB) and expedite the installation of 5G infrastructure in the country, and improve its service quality by providing more quality, stable and fast service, promoting the development of e-commerce, so as to extend the coverage of broadband service to benefit more areas and provide faster and affordable internet service to industrial areas.

Rationale : 1. The post pandemic new normal has created new opportunities with the increasing usage of the internet and this will definitely become one of the factors influencing the nation' s future economic growth. In spite of the slight improvement and lower charges for internet service in the country, internet speed in most rural areas remains slow, unstable and expensive. In tandem with the development of the electronic age and for the benefit of all Malaysians, it is proposed that the government pay attention not only on the urban population but all rural areas in the country when building broadband infrastructure in order to expand the coverage of broadband service and enable the people to adapt to post pandemic changes in their lifestyle.

2. As a result of the post-pandemic new normal, many industrial and commercial sectors are highly dependent on the internet to support their operations.

21. Proposal : To urge the government or the Ministry of Education and the academia to promote Industry-Academia Collaboration and study in-depth courses matching market needs (especially science and technology based courses) to enhance students' marketability and provide industry-oriented human capital, thereby minimizing unemployment of graduates.

Rationale : All institutions of higher learning provide internship programmes and Industry-Academia Collaboration will enable students to understanding the industry needs and allow the industry to preserve the required human capital so that graduates could be promptly employed upon graduation.

(D) Education and Training

22. Proposal : To urge the government to provide institutionalized allocation to build more Chinese primary schools.

Rationale : 1. The Malaysia Education Blueprint 2013-2023 does not provide any institutionalized allocations for building Chinese and other vernacular schools. Instead, it provides for the merger and closure of micro Chinese primary schools which will result in the reduction of Chinese primary schools and the aggravation of overcrowding and shortage of Chinese primary schools in urban areas.

2. More Chinese primary schools should be built in towns and cities predominantly populated by Chinese.

- 23. Proposal :**
- 1. To urge the government to provide grants through the Human Resource Development Fund (HRDF) for skill re-training of the jobless, unemployed and graduates to enhance their employability in the job market.**
 - 2. To urge the government to provide tax incentive to encourage universities and businesses to undertake industry-university collaborative research with a view to nurturing talents who match the needs of the community.**

- Rationale :**
1. As Malaysia aspires to become a developed nation, it requires more technical workers to be trained to meet the huge demand in the technical and service sectors. Being equipped with a skill can enhance one's competitiveness and help lower the unemployment rate caused by the economic slowdown.
 2. The role of universities is to nurture talents, disseminate knowledge and develop innovation. Hence, universities should groom talents who match the needs of the community and are capable of fostering progress with innovation. In this aspect, through industry-university collaborative research, businesses can assist in resolving problems and operation difficulties facing them while enriching teaching contents and practical experience of universities which can be used by students after their graduation, thereby improving their employability and the nation's economic growth.

(E) Tourism & Local Authority

24. Proposal : To urge Tourism Selangor to actively promote the tourism in coastal Selangor after the COVID-19 pandemic.

Rationale : Klang and the coastal region of Selangor are abound with tourist destinations such as Sekinchan, Kuala Selangor, and Kuala Langat. The promotion of local tourism will not only increase tourist arrivals but also drive local economy, increase job opportunities and competitiveness.

25. Proposal : To urge the government to relax and simplify the approval conditions on visa for foreign tourists after the Covid-19 pandemic to speedily revive the tourist industry.

Rationale : Tourism is an intangible productive industry with powerful driving force directly or indirectly promoting the development of other sectors such as transport, business services, construction, finance and property, and the overall national economy. Presently, tourism is Malaysia' s third largest revenue earner after manufacturing and commodities. The relaxation of visa approval conditions on foreign tourists will attract more tourists to Malaysia, increasing our foreign exchange income and economic growth.

26. Proposal : To urge local government to develop towards the smart city concept by installing CCTV system at various areas in Klang to improve local safety and security.

Rationale : Security and safety are crucial for a conducive business environment and local residents as a harmonious environment will promote business opportunities and a livable setting. In this aspect, reference may be made to China whereby CCTVs are installed widely to prevent crimes.

27. Proposal : To urge the government to improve the state' s drainage system to prevent the recurrence of major floods.

Rationale : Large areas of Klang, Selangor were hit by the worst floods in 40 years in late December 2021, affecting thousands of victims. An effective drainage system will help to prevent the recurrence of major floods.

6.1.1.1 Yeoh Mun Foong (Membership No: FI0057/22) referred to Proposal 15 and said that the financial aid was mainly successfully applied for by medium and large enterprises while only few small and micro enterprises were successful in their application. Hence he opined that the government should intensify promotion and publicity on the financial aid to inform more enterprises and enhance their competitiveness.

6.1.1.2 Gary Foong Eu Kwong (Membership No: FT0671/18) opined that the Chamber could propose to the government to set up an advisory committee by the private sector and that the government should consult with the committee to discuss the feasibility of any new legislation or amendments.

6.1.1.3 Ir. Ter Leong Leng, Chairman of the Resolution Sub-Committee opined that it was a good proposal. However, he said it could not be included as a motion of the present meeting as it had not been submitted within the prescribed time.

6.1.1.4 The President Dato' Jeffery Tan informed the meeting that the Chamber would set up an advisory committee to explore issues pertaining to the comprehensive subsidy for people's essential products so as to gradually reduce the burden of the low-income group.

The meeting adjourned at 12 noon.

On 25 May 2022, the Chamber' s Klang City Rejuvenation (KCR) Project Committee paid a courtesy visit to the Klang Municipal Council (MPK). The visit was mainly aimed at briefing the MPK President Puan Hajah Noraini binti Roslan and MPK departmental heads on the KCR Project and a series of related activities and events held over the past few years, including the rebuilding of the Maxwell Clock Tower and repainting work in the back streets of Klang with the co-operation of Think City and Taylor' s University, and the proposal on building heights and application procedures on accommodation of foreign workers jointly presented with REHDA (Real Estate and Housing Developers' Association Malaysia).

5. 第 76 届(2022)常年会员大会

KCCCI 76th (2022) Annual General Meeting

本会于 2022 年 5 月 28 日，上午 10 时正于本会礼堂举行第 76 届(2022)常年会员大会。大会一致通过由黄天佐为大会议长。此次共 128 位会员出席，符合本会章程的法定人数。本会截至 2022 年 4 月 15 日，会员总人数是 1,383 人。

会长拿督陈杰辉在大会上呼吁企业商家，无论是大型企业、中小型企业或微型企业，皆需把握商机，同时改变企业的经营模式，走向自动化、数字化，提升自我的竞争能力，在未来的市场上站稳脚跟。

会长拿督陈杰辉表示我国目前面对的挑战，包括劳工短缺（外劳）、通货膨胀、物料上涨及马币贬值等，而随着政府宣布开放申请外籍劳工，雇主就提交约 40 万份申请，奈何批准率过低，各领域商家仍是缺乏劳工。虽然政府提倡聘请本地人工作，无奈的是本地人不愿从事 3D（肮脏、危险、辛苦）的工作，而外籍劳工也会攀比薪资，加上我国政府没有一个明确的外劳政策，之前回国的劳工又无法再回来工作，继而导致如今员工短缺问题严重，商家叫苦连天。

会长指出政府需有一套完善的申请外劳机制，加速审批及简化申请过程，以让企业商家能尽快申请到所需的外劳数量，继而提高生产量，加速复苏经济的脚步。此外，马币长期偏弱为经济结构带来了伤害，让进口技术含量偏高的半制成品和机械器件、聘请外国专业人才，变得昂贵而不可为，也损害大马企业海外投资的能力。

拿督陈杰辉表示若要有效振兴国内经济和吸引国外投资，政府需制定一个快速有效的经济复苏计划，提高人民与国外投资者的信心与信任，推出更多利商政策，包括简化各部门的申请程序，让企业商家能更快速地获得所需证件及奖掖等，以加速经济复苏的脚步。

本次会员大会一共通过 27 项提案。

本会代表出席者有丹斯里拿督林宽城、拿督斯里郑文记、拿督陈杰辉、戴良麟、拿督林再明、拿督吴文钦硕士、王顺诚、刘雁红律师、黄晟尧、李伟丞硕士、黄聪华、黄玉贞、拿督李金谋、黄天佐、周原德、苏顺昌、拿督卢顺荣、李维念、邱良泉、莫壮俊、刘国祥硕士、王为圆、陈秀丽、梁哲民、陈志伦、黄哲强、吕稼喜、陈祈福、周源河、葉福财、黄贵利、许永贵、林子枰和吴佳骏医生。

The Chamber held its 76th (2022) Annual General Meeting at auditorium on 28 May 2022. The meeting unanimously elected Ng Tien Chor as Speaker for the meeting. A total of 128 members attended the meeting, constituting the quorum required by the Chamber's Constitution. The chamber's membership stood at 1,383 as at 15 April 2022.

Speaking at the meeting, KCCCI President Dato' Jeffery Tan urged entrepreneurs, irrespective of whether they were from large, medium or small enterprises, to take advantage of opportunities to change their business models and embrace automation and digitization so as to uplift their competitive edge and gain a foothold in the future marketplace.

Dato' Jeffery Tan said the challenges facing the nation now included shortage of labour (foreign workers), inflation, increasing prices and a weakening ringgit. He said since the application for foreign workers was opened, employers in the various sectors had submitted some 400,000 applications but labour shortage persisted in various sectors due to the low approval rate. He added that although the government had encouraged businesses to employ local workers, the labour shortage had worsened as Malaysians were reluctant to take up 3D (Dirty, Dangerous, and Difficult) jobs while foreign workers were making pay

comparison. This coupled with the absence of a clear-cut policy on foreign workers and the inability of foreign workers who had returned to their home countries to return to Malaysia to work again, had added to the predicament of employers.

Dato' Jeffery Tan said it was imperative for the government to have a comprehensive application mechanism for foreign workers and to expedite and simplify the application and approving process so that businesses hire the required number of foreign workers as soon as possible to uplift their production and fasten the pace of economic recovery. He added that the continuous weakening ringgit had harmed the nation's economic structure, making the import and export of semi-finished products and mechanical parts with high technical content and the hiring of foreign professionals expensive and non-profitable in addition to undermining the ability of local businesses to invest in overseas.

Dato' Jeffery Tan said to effectively revitalize the local economy and attract foreign investments, it was necessary to work out a speedy and effective economic recovery plan, improve Malaysians and foreign investors' confidence and trust, introduce more business-friendly policies including simplification of application procedures of the various ministries and agencies so that business people could obtain the necessary approvals and incentives more quickly, thereby expediting the pace of economic recovery.

Due to their limited resources, SME owners had to know how to make good use of limited resources or work together with partners to maximize their role in their business and ensure its continued growth.

Mr. Loo Kia Shong highlighted some of the most common misconceptions on human resource issues by employers and the measures to be taken by them to safeguard their business while Mr. Wong Chen An outlined the steps on the application for foreign workers. 15. 雪兰莪滨海中华总商会 2022 常年会员大会及 2022-2025 年度董事选举

ACCCICS 2022 Annual General Meeting and Election of Council members for the term of 2022-2025

雪兰莪滨海中华总商会于 2022 年 7 月 23 日上午 11 时正，于本会礼堂举办雪兰莪滨海中华总商会 2022 常年会员大会暨 2022-2025 年度董事选举。

雪兰莪滨海中华总商会总会长暨本会会长拿督陈杰辉致词时表示根据中总进行的大马商业经济状况调查结果显示，原材料上涨、人力短缺、令吉波动，还有营运成本增加都是商家在疫后时代所面对的严峻考验。

会长拿督陈杰辉呼吁政府各单位，特别是人力资源部必需简化引进外劳的程序，加速处理印尼和孟加拉对外劳供应上的拖延，加速引进劳工，以便企业商家可以赶上国家经济复苏的脚步。

目前，全球性通胀持续，尤其俄乌战争导致供应链中断及成本上涨现象，然而，政府为稳定汇率而尾随美国加息的脚步，无形也给经济带来可能衰退的风险。

会长指出中国是我国最大贸易伙伴，两国在 2021 年的双边贸易额达至 1700 亿美元，倘若两国可采用兑换率波动较为稳定的人民币进行交易，肯定能改善国内因美元汇率引发的通胀问题。

会长吁政府各单位务必杜绝小拿破仑官僚文化，统一化申请程序，从而减轻商家企业们的负担。我国政府机构众多，部门领导的处理方式又各有不同，这导致商家在申请劳工、奖掖、批文或其他文件上皆面对重重困难。政府务必对经济成长做好一些规划，以确保我国能稳健前行，包括铲除贪污及营造良好的营商环境，稳定政治、明确的政策，才能够吸引外资进驻投资。

本次会员大会一共通过 27 项提案。

The Associated Chinese Chamber of Commerce and Industry Coastal Selangor (ACCCICS) held its Annual General Meeting and election of Council Members for the term 2022-2025 at the KCCCI Auditorium on 23 July 2022.

Speaking at the meeting, ACCCICS President cum KCCCI President Dato' Jeffery Tan said findings of the Malaysia's Business and Economic Conditions Survey conducted by the Associated Chinese Chambers of Commerce and Industry Malaysia (ACCCIM) showed that rising cost of raw materials, labour shortage, fluctuations of the Malaysian ringgit and increasing operating cost were the grave post Covid challenges facing the business community.

He urged the various government ministries and agencies, in particular the Ministry of Human Resource, to simplify the procedures on the hiring of foreign workers and resolve delays in the supply of workers from Indonesia and

Bangladesh so as to speed up the import of foreign workers to enable business people to keep up with the pace of economic recovery.

He said due to the persistent inflation, in particular disruption to the supply chain and the rising cost caused by the Russia-Ukraine war, the Malaysian government had followed the action of the USA in raising interest rate in order to stabilize foreign exchange rates. However, he said, this would indirectly expose the economy to the risk of recession.

Dato' Jeffery pointed out that China is Malaysia's largest trading partner with the value of bilateral trade topping USD 170 billion in 2021, adding that if the trade between Malaysia and China were to be conducted by using the more stable renminbi instead of the US dollar, the inflation caused by the increase in the dollar exchange rate in both Malaysia and China would be mitigated.

He called upon government agencies to rid of the Little Napoleon bureaucracy and standardise application procedures to lessen the burden of the business community. He added that the large number of government agencies and a great variety of different practices by departmental heads had created much difficulties to business people in applying approval for hiring workers, incentives, and other documentation. He said it was imperative for the government to plan well for the economic growth to ensure the nation's steady progress. This included the eradication of corruption and creation of a conducive environment for doing business, political stability, and clear policies to attract foreign investment.

The meeting adopted a total of 27 proposals.

Briefing on SKM & DKM via PPT

本会中小型企业暨人力资源组于 2022 年 9 月 24 日，上午 10 时正在本会礼堂举行技职认证说明会，主要是向技工们分享技职认证的重要性和申请过程。当天，本会也与新纪元技职与推广教育学院签署谅解备忘录。

会长拿督陈杰辉指出，我们放眼迈向高收入国目标发展，不过根据我国 1700 万劳动人口统计当中，只有 30% 为技术人员，而政府也致力推高技术人员目标至 40%，鉴于国家仍缺乏大量的技术人员，为此，巴生中总在推广上更是不遗余力，并促成此次与新纪元技职与推广学院达至合作，协助更多技术人员获得文凭，也借此肯定他们自身拥有的技术能力。

他表示，职业是不分贵贱的，行行亦可出状元，技术职业也可闯出一片春天，关键是个人行为 and 态度，而不是所涉足的行业。本会希望通过提供技职认证，给予那些拥有资深经验的技术人员取得一纸文凭，这不仅可让他们获得官方肯定，也给自己在这些年来的一些努力自我肯定。

新纪元技职与推广教育学院执行长莫顺宗教授指出，华社对华教的支持不是单向的运作，反之，该学院与华社保持紧密联系，尤其与商团组织之间的沟通，有助于让学院依据社会需求，针对性为职场培养所需人才。通过此联系也促使该校创办了技职与推广教育学院，旨在培养更多年轻人掌握一门技术。与此同时，提供有规范、系统化的评估，让各行各业一些通过学徒制累计多年工作经验者，在无需再度重返校园学习之下，也可以得到应有的认证。

On 24 September 2022, the Chamber' s SME and Human Resource Committee held a briefing session on SKM & DKM via PPT at the Chamber' s auditorium. The main objective of the briefing was to share on the importance and application process of skill certification with participating technicians. In conjunction with the event, the Chamber and the New Era Institute of Vocational and Continuing Education (NEIVCE) inked a Memorandum of Understanding (MOU) to enable more applicants to obtain PPT certification.

Speaking at the briefing session, KCCCI President Dato' Jeffery Tan pointed out that although Malaysia had set its vision to become a high income economy, only 30% of its 17 million working population were technicians and the government was working hard to increase the technician percentage to 40% to close the gap. In this aspect, he said the KCCCI had spared no effort in complementing the government' s efforts and the co-operative MOU with NEIVCE was aimed at assisting more technical personnel to obtain certificates or diploma via recognition of prior achievements.

He added that no job was big or small and in any occupation, everyone could reach the top of the ladder. Similarly, everyone could excel in a vocational job as the key to excellence lied in one' s behaviour and attitude not the occupation itself. He said, the Chamber hoped that by providing skill certification to those with vast technical experience would enable them to be duly recognized and offer self-recognition on their efforts put in over the years.

NEIVCE CEO Professor Mok Soon Chong pointed out that the support by the Chinese community towards Chinese education was not a one-way traffic. Rather the institute had maintained close contact with the Chinese community, in particular the communication with Chinese trade organisations and associations. This close ties, he added, had helped the institute to specifically nurture the necessary talents matching the needs of the community.

A total of 40 persons attended the briefing.

The Chamber was represented at the event by Dato' Jeffery Tan, Jessica Wong Yoke Chen, Dr. Leong Kai Hin, Boo Chaung Choon, Edmund Lim, Tee Kian Yee, Jeff Kong and Desmond Lee.

ACCCIM Industry 4.0 Conference 2022

由马来西亚中华总商会主催，巴生中总、隆雪中总及霹雳中总共同协办的《2022 年中总工业 4.0 研讨会》于 2022 年 12 月 6 日，上午 9 时正于 One World Hotel 举行。此研讨会展示工业 4.0 九大支柱，帮助会员商家了解如何通过科技运用扩大公司优势，在后疫情复苏时代更具弹性。此活动邀请马来西亚中华总商会总会长丹斯里拿督卢成全担任主宾，发表演说。

他致词时表示，工业转型不是企业个人的问题，而是让大家一同提升整体的竞争力量，因为我们现在面对的是一个开放的竞争环境，尤其进入与全球竞争时代，而大马也已经签署了区域全面经济伙伴关系协定 (RCEP) 及《跨太平洋伙伴全面进展协定》(CPTPP)。

虽然政府为行业参与者准备了援助计划，但若中小企业和劳动力没有准备好，则将毫无意义，因此中小企业必须改变思维方式，做好重组和转型的准备，以保持竞争力和业务弹性。

他认为，向工业 4.0 转型的第一步是，政府机构和商界需合作提高行业意识，让行业参与者了解改变运营模式的重要性。然而面对当今营运成本上升和人力短缺问题，他建议，政府应该简化财务援助金和拨款申请程序，方便管理和提高使用率，让中小企业能自动化投资和采用数字技术，减少对人力的依赖。

本会代表出席者有拿督陈杰辉、戴良麟、黄晟尧、黄天佐、李维念、邱良泉、刘国祥硕士、陈秀丽、梁哲民、周源河、林子枰、陈文基、蔡美英、刘伟敏、林俊贤、吴征铭、梁振安及萧文杰。

The Industry 4.0 Conference 2022 promoted by the ACCCIM and co-organised by KCCCI, KLSCCCI and Perak Chinese Chamber of Commerce and Industry (PCCCI) was held at the One World Hotel on 6 December 2022. The conference highlighted the nine main pillars of Industry 4.0 to help KCCCI Members understand how to enhance a company's competitive edge with the use of technology and become more resilient during the post pandemic recovery.

ACCCIM President Tan Sri Dato' Low Kian Chuan was the guest of honour at the conference and delivered a speech.

He said industrial transformation was not about efforts by individuals in an enterprise. Rather, it enabled all to enhance the enterprise's overall competitiveness as we were facing an environment of open competition, especially in this age of global competition following Malaysia's ratification of the Regional Comprehensive Economic Partnership Agreement (RCEP) and the Trans-Pacific Partnership Agreement (CPTPP).

"Although the government had made available assistance programmes for industrial players, such programmes would be meaningless if SME and the labour force are not ready. Hence, it is imperative for SME to change their mindset and be prepared for reset and transform to maintain their competitiveness and business resilience," he said.

He opined that the first step towards Industry 4.0 was for government agencies and the business community to work together to raise the awareness on Industry 4.0 to enable industrial players to realise the importance of change of operating model. However, due to the rising operating cost and labour shortage, he proposed that the government simplify the application process for financial aid and allocations to facilitate management and increase the utilization rate of such aid and allocations to empower SME to embark on investment in automation and adopt digital technology, to reduce reliance on human labour.

The Chamber was represented at the event by Dato' Jeffery Tan, Ir. Ter Leong Leng, Ng Shern Yau, Ng Tien Chor, Ir. Lee Ah Yew, Khoo Liong Chuan, Low Kok Siang, Jennifer Tan Siew Lee, Michael Leong Jit Min, Chew Guan Ho, Lim Zee Ping, Alex Chan, Jacqueline Chua, Low Wee Ming, Melvin Lim, Jason Goo, New Jinn An and Stanley Siew.

47. ‘2023 年财政预算案对经济、股市及税务的影响’ 讲座会

Budget Talk 2023

本会商务暨财经研究组于 2023 年 2 月 27 日，傍晚 7 时 30 分举行“2023 年财政预算案对经济、股市及税务的影响”讲座会，主讲者为经济专家白文春先生、股市专家李志勇先生及税务专家周德谦先生，主持人为本会财政兼商务暨财经研究组副主任李伟丞硕士。

本会会长拿督陈杰辉在致开幕词时表示，随着政府在 2023 年财政预算案中拨款 400 亿令吉，供中小企业贷款和融资担保，促请政府能尽快公布个中细节，好让中小企业能尽早准备相关文件，获得贷款及融资解决经济困境。同时提醒政府在落实奢侈税方面，应当谨慎与周全执行该政策，以便可在增加国家税收前提下，亦不影响旅游业等相关行业，才不会本末倒置。

经济专家白文春先生认为，政府预算案开支出现的结构性问题，在于公务员薪酬、退休金和偿还债务高占 60%行政拨款，包括石油及食品的津贴另占 20%，意味着 80%行政开支都是不能立即减少的，起码在目前的政治环境下并不容许。他指出，政府财案必须改革，但又暂时不能执行这些改革方案，以致陷入两难局面。

股市专家李志勇先生指出环球股票市场在 2022 年纷纷滑落，而在今年才会扭转局势，纷纷转涨，尤其在科技股和建筑股上。随着中国开放，预料将会推出更多有利于市场的刺激性政策，因此经商、消费与市场情绪将随着更多的开放慢慢向好。

税务专家周德谦先生表示政府预计 2023 年会收到 291 亿令吉，其中 164 亿令吉来自直接税；54 亿令吉来自间接税；73 亿令吉来自其他收入如超车罚款等。在个人方面，收入 3 万 5000 令吉至 10 万令吉的税率下调 2%，但却提高 T20 高收入群体的税率 0.5%至 2%；医疗花费的税务减免从 8000 令吉，提高至 1 万令吉；在企业方面，中小企业的首 15 万令吉可征税收入，税率从 17%降至 15%；中小企业若是有意上市，首 150 万的税务减免延长至 2025 年。

现场共有 92 人出席此讲座会。

On 27 February 2023, the Chamber's Commerce and Economic Research Committee organized a talk on the impact of the 2023 National Budget on the economy, stock market and taxation. The talk featured economist Mr. Peck Boon Soon, stock market expert Mr. Jerry Lee and tax consultant Mr. Zen Chow, and was moderated by Mr. Lee Hooi Seng, KCCCI Treasurer cum Deputy Chairman of the Commerce and Economic Research Committee.

In his opening speech, KCCCI President Dato' Jeffery Tan urged the government to make known the details on RM40 billion loan facilities and financing guarantees for the benefit of SME presented in the Budget 2023 so as to enable SME to prepare application documentation for the facilities to resolve their financing problems. He also reminded the government to be prudent and thorough in implementing the policy on luxury tax to increase revenue for the nation without affecting the related sectors such as tourism.

Economist Mr. Peck Boon Soon opined that the Budget contained structural problems in the budgeted expenditure as salary and pension for public servants and debt repayment accounted for as much as 60% of the operating expenditure, comprising 20% for petrol and food subsidies. This, he said meant that 80% of the operating expenditure could not be reduced immediately, at least under the present political environment. He pointed out that reforms had to be made to the budget but such reforms could not be effected at this juncture, putting the government in a tight spot.

According to Mr. Jerry Lee, Stock Market Expert, global stock markets were on the decline in 2022 but was recovering in 2023, especially technology and

construction counters. He added that given the reopening of China, it was expected that more stimulating policies favourable to stock markets would be introduced, and the continuous opening would improve business, consumer and market sentiments.

Tax consultant Mr. Zen Chow said the Budget estimated that the government would receive revenue totalling RM29.1 billion in 2023, comprising RM16.4 billion direct tax, RM5.4 billion indirect tax, and RM7.3 billion in other income such as fines on traffic summons. For individual tax payers, the tax rate for chargeable income in the range of RM30,000 to RM35,000 had be lowered by 2% but the tax rate for the T20 high income group was upped by 0.5% to 2% while deductible medical expenses were increased to RM10,000 from RM8,000. For business, the tax rate for the first RM150,000 chargeable income for SME was reduced to 15% from 17% and the tax rate would be extended to 2025 for any SME planning to go public.

本会会长拿督陈杰辉在致欢迎词时指出，商会作为一个商人的团体组织，其中一项宗旨是协助会员商家转型，提高自身的竞争能力，让业务蒸蒸日上。会员商家尤其是中小型企业需扩大销售渠道，积极转型提高竞争力！

机兴控股（KHIND）执行主席郑秉吉提醒商企，无论线上或线下，商企应谨记“以客为尊”才是经商王道。他表示，人工智能主要用于收集大数据，让商家企业了解市场消费模式和导向，惟，商家企业不应为了汲取大数据，而忽略客户需求。其本身不否认科技的演变提供很多的便利，尤其本身经营的家电行业，在冠病疫情肆虐期间，甚至在线上成为大卖产品，不过，人们理应善用科技提供的便利，而不是让它成为业务经营的绊脚石。

Meet Mee 创办人林柯延认为，线上经营模式确实遭夸大，不论线上或线下，都只是一个消费的模式和基础，重要的是掌握客人的取向。他表示，基本概念是人们需要什么，就配合他们的模式和习惯，再把渠道分出来，通过技术来迎合需求。他举例，本身甚至采取线上购买送固本，吸引线下到餐馆用餐，借此推动互补模式，未来正探讨小档口（kiosk）经营方式，以迎合时代的发展需求。

当天实体及线上共有 78 人出席此讲座会。

本会代表出席者有拿督陈杰辉、黄晟尧、梁家兴博士、黄天佐、周原德、陈秀丽、林子枰、苏金陵、萧良友、李惟新、刘伟敏、张胜奕、黄金兴、黄竞贤和陈文龙。

KCCCI members especially SME should expand their sale channels and proactively uplift their competitiveness !

Mr. Cheng Ping Keat, CEO and Executive Chairman of KHIND Holdings Berhad reminded businesses, be them online or offline entities, to be mindful that customer is king. He added that artificial intelligence was mainly used to collect big data to enable traders to understand the pattern and direction of market consumption. "However, business people should not overlook customers' needs while collecting big data," he added. He said although he did not deny the convenience offered by technological changes, especially for companies like KHIND which involve in electrical appliances that enjoyed booming sales during the Covid-19 pandemic, we should make best use of the convenience brought by technology instead of making it a stumbling block to business.

Meet Mee founder Clement Lim said the online business model had in fact been exaggerated and whether it was online or offline, it was just a consumption pattern and basis and what was important in sales was the ability to get hold of customers' preference. He added that the fundamental concept in achieving good sales was to fulfill customers' needs by matching their pattern and habits and work out the channels to meet such needs. As an example of complementary business model, he said, he had resorted to offer free vouchers to customers for online purchases in order to attract them to visit his physical stores. Looking forward, he was exploring the business model of using kiosks to keep abreast with changes of times.

64. 雪州黄金海岸汽车寻宝

Selangor Gold Coast Treasure Hunt

雪兰莪滨海中华总商会于 2023 年 5 月 20 日至 21 日举办两天一夜的雪州黄金海岸汽车寻宝活动，共有 66 辆车共 222 人参与其盛，让参与者在闯关之余也能沿途享用道地美食，一路探索雪州滨海区内的独特魅力。

本次的寻宝活动是由雪兰莪滨海中华总商会（即巴生中华总商会、雪兰莪直落昂厂商工会、巴生港口中华商会、瓜拉冷岳中华商会、瓜拉雪兰莪暨沙白安南县中华商会、雪邦中华商会及马来西亚批发商总会）联合举办，雪州旅游局为支持单位，Burger King 为主要赞助商，Kossan Rubber Industries Berhad 为晚宴赞助商；旨在推广雪州滨海区的旅游，分享美食和提高公众的道路安全意识。

寻宝游戏为 4 人一队，须根据信息设定的位置，自驾车从雪邦出发，沿线到瓜拉冷岳、巴生巨盟批发城、瓜拉雪兰莪、沙白安南县至巴生，完成指定的任务。闭幕及颁奖典礼于 21 日在巴生中华总商会礼堂举行，也邀请了雪州行政议员兼巴生国会议员甘纳巴迪劳及雪州行政议员许来贤莅临主持闭幕仪式。

雪州行政议员兼巴生国会议员甘纳巴迪劳指出，每当提起巴生就会想起肉骨茶，实际上巴生还有很多人文风情值得发掘。

此外，雪州滨海中华总商会总会长拿督陈杰辉指出，旅游业是马来西亚第三大外汇收入来源，旅游业业者应做好迎接外国游客的准备，不要错过当前的报复性旅游浪潮。随着首相拿督斯里安华宣布 2025 年为大马旅游年，希望政府能增加外国飞抵我国的航班，且让中国和印度游客享受落地签证设施，同时也应简化外国游客入境手续。

旅游业具有强劲的发展势头，可直接或间接带动交通、商业、服务、建筑、金融、地产等行业经济发展。雪州滨海有许多吸引游客的卖点和景点，如适耕庄、瓜拉雪兰莪和瓜拉冷岳，所以推动雪州旅游业不仅可以吸引人潮，还可以促进当地经济，增加就业机会，提升当地竞争力。

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KLANG CHINESE CHAMBER OF COMMERCE AND INDUSTRY (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Klang Chinese Chamber Of Commerce And Industry** (the "Chamber"), which comprise the statement of financial position as at 31 December 2022, and the statement of income and expenditure and statement of receipts and payments for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, as set out on pages 5 to 25.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Chamber as at 31 December 2022, and of its income and expenditure and receipts and payments for the financial year then ended.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Chamber in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Responsibilities of the Council Members for the Financial Statements

The Council Members of the Chamber are responsible for the preparation of financial statements of the Chamber that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standard. The Council Members are also responsible for such internal control as the Council Members determine is necessary to enable the preparation of financial statements of the Chamber that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Chamber, the Council Members are responsible for assessing the Chamber's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council Members either intend to liquidate the Chamber or to cease operations, or has no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
KLANG CHINESE CHAMBER OF COMMERCE AND INDUSTRY**
(Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Chamber as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- i) Identify and assess the risks of material misstatement of the financial statements of the Chamber, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chamber's internal control.
- iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council Members.
- iv) Conclude on the appropriateness of the Council Members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Chamber's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Chamber or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Chamber to cease to continue as a going concern.
- v) Evaluate the overall presentation, structure and content of the financial statements of the Chamber, including the disclosures, and whether the financial statements of the Chamber represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Council Members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2022

2. BASIS OF PREPARATION (CONTINUED)

2.4 Used of estimates and judgements

The preparation of financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than:

- Note 4 Depreciation of equipment
- Note 5 Depreciation of right-of-use asset

3. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted are set out below:

3.1 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Chamber and the cost of the item can be measured reliably.

Subsequent to the initial recognition, costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Chamber and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised in profit or loss as incurred.

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2022

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**3.1 Property, plant and equipment (continued)**

Freehold land is not depreciated. Depreciation of property, plant and equipment is computed on a straight-line method to allocate the cost, to their residual values over their estimated useful lives are summarised as follows:

	<u>Rate</u>
Freehold buildings	2%
Computers	40%
Furniture and fittings	10%
Office equipment	10%
Renovation	10%
Signboard	10%

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful lives and depreciation methods are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

3.2 Impairment of non-financial assets

At each reporting date, the Chamber assesses whether there is any indication that an asset may be impaired. If any such indication exists, the recoverable amount of the asset is estimated.

When there is an indication that an asset may be impaired but it is not possible to estimate the recoverable amount of the individual asset, the Chamber estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset and a cash-generating unit is the higher of the fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the future cash flow estimates have not been adjusted.

If the recoverable amount of an asset or a cash-generating unit is less than the carrying amount, an impairment loss is recognised to reduce the carrying amount to its recoverable amount.

The impairment loss is recognised in profit or loss immediately.

All assets that suffered impairment loss are reviewed for possible reversal of the impairment at each reporting date. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised in prior periods. A reversal of an impairment loss is recognised immediately in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2022

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial assets

Financial assets are recognised in the statement of financial position when, and only when, the Chamber becomes a party to the contractual provisions of the financial instrument.

When financial assets are initially recognised, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss ("FVTPL"), directly attributable transaction costs.

The Chamber determines the classification of financial assets upon initial recognition. The measurement for each classification of financial assets are as below:

(i) Financial assets measured at amortised cost

Financial assets that are debt instruments are measured at amortised cost if they are held within a business model whose objective is to collect contractual cash flows and have contractual terms which give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss through the amortisation process and when the financial assets are impaired or derecognised.

(ii) Financial assets measured subsequently at fair value

Financial assets that are debt instruments are measured at fair value through other comprehensive income ("FVTOCI") if they are held within a business model whose objectives are to collect contractual cash flows and selling the financial assets, and have contractual terms which give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets that are debt instruments are measured at fair value. Any gains or losses arising from the changes in fair value are recognised in other comprehensive income, except for impairment losses, exchange differences and interest income which are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

Financial assets that are debt instruments which do not satisfy the requirements to be measured at amortised cost or FVTOCI are measured at FVTPL. The Chamber does not have any financial assets measured at FVTPL as at the financial year end.

Equity instruments are classified as financial assets measured at FVTPL if they are held for trading or are designated as such upon initial recognition. Equity instruments are classified as held for trading if they are acquired principally for sale in the near term or are derivatives that do not meet the hedge accounting criteria (including separated embedded derivatives).

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2022

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Financial assets (continued)

(ii) Financial assets measured subsequently at fair value (continued)

Subsequent to initial recognition, financial assets that are equity instruments are measured at fair value. Any gains or losses arising from the changes in fair value are recognised in other comprehensive income and are not subsequently transferred to profit or loss. Dividends on equity instruments are recognised in profit or loss when the Chamber's right to receive payment is established.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned. All regular way purchases and sale of financial assets are recognised or derecognised on the settlement date, i.e. the date that the asset is delivered to or by the Chamber.

3.4 Impairment of financial assets

At each financial year end, the Chamber assesses whether there has been a significant increase in credit risk for financial assets by comparing the risk of default occurring as at the financial year end with the risk of default since initial recognition.

In determining whether credit risk on a financial asset has increased significantly since initial recognition, the Chamber uses external credit rating and other supportive information to assess deterioration in credit quality of a financial asset. The Chamber assesses whether the credit risk on a financial asset has increased significantly on an individual or collective basis. For collective basis evaluation, financial assets are Chambered on the basis of similar risk characteristics.

The Chamber considers past loss experience and observable data such as current changes and future forecasts in economic conditions to estimate the amount of expected impairment loss. The methodology and assumptions including any forecasts of future economic conditions are reviewed regularly.

The amount of impairment loss is measured as the probability-weighted present value of all cash shortfalls over the expected life of the financial asset discounted at its original effective interest rate. The cash shortfall is the difference between all contractual cashflows that are due to the Chamber and all the cash flows that the Chamber expects to receive.

The Chamber measures the allowance for impairment loss on financial assets based on the two-step approach as follows:

(i) 12-months expected credit loss

For a financial asset for which there is no significant increase in credit risk since initial recognition, the Chamber measures the allowance for impairment loss for that financial asset at an amount based on the probability of default occurring within the next 12 months considering the loss given default of that financial asset.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2022

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Impairment of financial assets (continued)

(ii) Lifetime expected credit loss

For a financial asset for which there is a significant increase in credit risk since initial recognition, a lifetime expected credit loss for that financial asset is recognised as the allowance for impairment loss by the Chamber. If, in a subsequent period the significant increase in credit risk since initial recognition is no longer evident, the Chamber reverts the allowance for impairment loss measurement from lifetime expected credit loss to 12-months expected credit loss.

For trade and other receivables which are financial assets, the Chamber applies the simplified approach in accordance with MFRS 9 *Financial Instruments* and measures the allowance for impairment loss based on a lifetime expected credit loss from initial recognition.

The carrying amount of the financial asset is reduced through the use of an allowance for impairment loss account and the amount of impairment loss is recognised in profit or loss. When a financial asset becomes uncollectible, it is written off against the allowance for impairment loss account.

3.5 Cash and cash equivalents

Cash and cash equivalents consist of cash and bank balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three month or less, and are used by the Chamber in the management of their short term commitments.

3.6 Financial liabilities

Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss. Financial liabilities carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in profit or loss.

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee or a designated and effective hedging instrument) or financial liabilities that are specifically designated into this category upon initial recognition.

All financial liabilities are subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through profit or loss.

Other financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2022

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Revenue and other income recognition

(i) Rendering of services

Revenue is recognised upon the rendering of services and when the outcome of the transaction can be estimated reliably. In the event the outcome of the transaction could not be estimated reliably, revenue is recognised to the extent of the expenses incurred that are recoverable.

(ii) Entrance fee

Entrance fee is recognised in the statement of income and expenditure in the financial year in which the new members are approved.

(iii) Subscription fees

Subscription fees and events income are recognised in the statement of income and expenditure on an accrual basis.

(iv) Interest income

Interest income is recognised when it is received upon maturity, using the effective interest method.

(v) Dividend Income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(vi) Rental income

Rental income is recognised on an accrual basis.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022

(continued)

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.8 Employee benefits

(i) Short-term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit sharing plans if the Chamber has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in profit or loss in the period to which they relate.

3.9 Current and deferred income tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised, using the liability method, on temporary differences arising between the amounts attributed to assets and liabilities for tax purposes and their carrying amounts in the financial statements. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses or unused tax credits can be utilised.

Deferred and current tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

各位董事

各位会员商家

各位媒体朋友们

大家早上好。

欢迎大家出席巴生中总第 76 届（2022）常年会员大会，今天也是我第一次以会长的身份主持会员大会，感谢各位董事的团结、努力与支持，以及强大的秘书处，让本会的业务日渐壮大，会员日渐增多！

本会的宗旨是促进华商的联络与合作，共同维持及争取会员在商业、工业、原产业及其它经济领域的权益，并向华商传达政府的政策；研讨拟定及向有关方面反映当地华商对影响我国经济民生课题的看法或建议，并对政府政策作出主动的参与，以促进华商与当地或中央政府或其他机构之间的了解与合作，共同致力于国民经济的发展和加强全民团结。

而在新一届的董事脑力激荡营上，本会也为未来 3 年制定了五大目标：

1. 在疫情后, 如何协助中小型企业复苏, 强化与转型以提高竞争力？
2. 如何推动企业数码化和自动化？
3. 如何推动复兴巴生市计划？
4. 如何提升本会会务、会员服务及财务收入和奖助学金事宜？
5. 如何提升及壮大青年团？

在这三年内，本会的新届董事将会以这 5 大目标为标准，带领商会更上一层楼。

挑战

1. 劳工短缺（外劳）

各位会员，

我国在过去两年深受新冠肺炎疫情影响，经济受创严重，而政府实施的冻结引进外劳政策多时，导致如今国境开放后，我国正式迈入复苏阶段，企业商家却因劳工短缺问题，而无法完成国外订单，只好放弃。

随着政府宣布开放申请外籍劳工以来，雇主就提交近 40 多万份申请，奈何批准率过低，各领域商家仍是缺乏劳工。虽然政府提倡聘请本地人工作，无奈的是本地人不愿意从事 3D（肮脏、危险、辛苦）的工作，而外籍劳工也会攀比薪资，加上我国政府没有一个明确的外劳政策，之前回国的劳工又无法再回来工作，这也导致如今员工短缺问题严重，商家叫苦连天。

因此政府需有一套完善的申请外劳机制，加速审批及简化申请过程，以让企业商家能尽快申请到所需的外劳数量，进而提高生产量，加速复苏经济的脚步。

2. 通货膨胀、物料上涨、马币贬值

大马统计局的数据显示，大马 3 月份的消费者价格指数（CPI）按年增加 2.2%，至 125.6 点，增幅高于从 2011 年至今的 1.9% 长期平均通胀率。按月比较，3 月 CPI 微起 0.3%。本月食品及非酒精饮料价格按年涨 4%，是推高 3 月 CPI 物价的主因。

在过去 2-3 年，各国因新冠肺炎疫情及受俄罗斯-乌克兰战争造成的供应链中断、中国部分地区因实施封锁政策等影响，导致材料成本一直上涨。在这时期政府提高最低薪金制无疑于是加重企业商家的营运成本，劳动力成本的突然飙升将迫使企业通过提高商品和服务的价格，并将成本增加转嫁给消费者。这将会导致恶性的通货膨胀。

但马币长期偏弱已经为经济结构带来了伤害。马币长贬让进口技术含量偏高的半制成品和机械器件、聘请外国专业人才变得昂贵而不可为，也损害了大马企业海外投资的能力。

与此同时，马币业务也会因为马币长贬而利润偏低，无法吸引身处专业服务领域的高质量的跨国企业。

当马币长贬对产业升级产生了压制效应，成了国内薪金水平提升的阻力，并影响了一代人的生活水平的话，我们必须认真看待和解决马币长贬这一大难题。

政治稳定

政治稳定才能吸引更多外国直接投资（FDI）和国内直接投资（DDI），在这后疫情时期，正是各行各业经济复苏的时候，若是政治不稳定，则会让国外投资者却步，更让他们对我国的发展没有信心。因此政治稳定是宏观经济稳定和增长的关键，政府必须制定国家发展的计划，以确保我国能稳健前行。

若要有效振兴国内经济和吸引国外投资，我国政府需制定一个快速有效的经济复苏计划，提高我国人民与国外投资者的信心与信任，同时推出更多利商政策，包括简化各部门的申请程序，让企业商家能更快速地获得所需证件、奖掖等，以加速经济复苏的脚步。

机会

区域全面经济伙伴关系（RCEP）

随着我国于 2022 年 1 月提交 RCEP 的批准书（IOR），并于 2022 年 3 月 18 日生效实施，企业商家需做好准备，包括数码化、转型至工业 4.0 等，提高自身的竞争能力，以便能开拓全球更大的市场。同时政府也需提出更多应对措施，如举办各种 RCEP 研讨会，以让中小企业了解有关讯息及提供指导方针。

ESG

迈入后疫情时期，ESG 这项课题也逐渐被各国重视，尤其是出口至欧美国家的企业商家必须符合 ESG 的标准，否则会面临产品禁止进入该国的风险。

ESG 是企业经营上的一个过程，未来不管多大的公司皆需符合其中标准，这是未来市场的趋势，因此企业商家需展望未来，做好准备，重视 ESG 以便将业务扩大。

再生能源、现代农业

我国首相提呈的第 12 大马计划是一个涵盖多项改革的全面发展蓝图，以确保我国经济永续发展，而推动永续发展的重点，是推进绿化增长、加强能源永续性，经济发展不该影响环境，同时须维持绿地覆盖率。第 12 大马计划期间将引入碳定价和碳税等经济手段，并促进私人领域尤其是具有环境、社会和监管 (ESG) 元素的投资，以支持绿化经济议程。

政府也应宣传及推动现代农业，开放更多的荒地耕种计划给人民申请，鼓励人民发展荒地，提高荒地的使用率和农粮产品生产率，才能增加农民的收入，为国家作出贡献。

结语

各位会员，套用一句名言，‘机会是留给有准备的人’，企业商家无论是大型企业、中小型企业或微型企业，皆需把握商机，同时改变企业的经营模式，走向自动化、数码化，提升自我的竞争能力，在未来的市场上站稳脚跟！

最后，祝愿大家身体健康，万事如意，事业进步！谢谢。
