

We Love Klang Amazing Treasure Hunt 2.0 is around, have you registered yet?

The amazing treasure hunt is one of the “We Love Klang” series of activities which organized by the Klang City Rejuvenation committee. This is a combination of exploration and hunt activities, an extreme test of the wisdom and endurance of the participants while they explore the Klang attractions. Prizes to be won for those participants successfully completing all the challenges set by the organizer and completing the tasks in the shortest time.

Once the amazing treasure hunt combines walking and car hunt, it becomes more challenging due to the time, endurance and intellectual based competition nature. KCR committee wishes to appeal to the public, especially families to take this opportunity on Sunday to experience the We Love Klang Amazing Treasure Hunt 2.0, enjoying the various beauty and heritage of Klang while spending memorable and quality time with family members or friends.
