6.1 讨论会员提案

6.1.1 提案小组主任黄天佐表示截至 2023 年 6 月 9 日，本会秘书处并无收到会员提呈的提案，因此 25 项提案皆由董事提呈。

6.1.2 大会一致通过以下提案:

(A) 宏观经济及政府政策

Macro-Economics and Government Policies

1. 提案： 呼吁政府解除全面停止外劳申请，并解除 2023 年 3 月对引进新外劳实施的冻结。

案由： 1. 冻结外国工人的申请将影响本国的生产力和国内生产总值。许多中小企业仍然依赖外劳，因此将受到严重影响。

2. 已支付外劳人头税和配额的雇主，他们有 18 个月的时间来招聘外劳。因此，在法律上，在 18 个月的期限内，政府不能取消配额。

3. 政府应逐案批准外劳申请，以满足企业不断变化的生产需求。

4. 一些新投资者也必须开始申请配额，因为他们在投入运作方面，有某些程序仍需要一些低技能人力。如果他们无法雇用外国工人，就会影响他们的投资计划。

处理方法： 已提呈至马来西亚中华总商会处理

2. **提案：** 呼吁政府在未来修改最低薪金制和雇员利益时，应多聆听工商界的意见，及采取逐步提高幅度的策略。

案由： 1. 将雇主的公积金缴款从 13% 提高至 20% 也将迫使公司将额外的成本转嫁给消费者，这将导致更高的通货膨胀。同时，在骨牌效应下将导致另一轮的百物涨价，最终受苦的将是老百姓，而且此举只会把国内商业领域推向万劫不复的境地，最终唯恐严重冲击国家经济复苏。

2. 提高公积金缴纳率对大企业、跨国企业及官联公司不是问题，惟对微型及中小企业而言将导致其营运成本太高及利润减少而倒闭。

处理方法： 已提呈至马来西亚中华总商会处理

3. **提案：** 呼吁政府鼓励中小企业投入电子商务领域及企业数码化，并通过多媒体管道加强宣传与推广所推出的税务奖掖或融资计划或辅导计划，以让更多商家知道。

案由： 1. 全球经济前景未明朗的形势下，本地中小企业应把握难得的战略机遇，善用政府机构的各种奖掖配套和优惠政策，配合政府启动的数字经济大蓝图，进军跨境电商、接轨全球市场，为马来西亚优质的本地产品开拓更多国际销路。

2. 新冠肺炎疫情加速我国人民与企业使用电子商务，这样的消费新趋势将成为常态。

处理方法： 已提呈至马来西亚中华总商会处理

4. **提案：** 呼吁政府坚持落实国家反贪污计划的承诺，继续积极及公平的打贪，并依法行政杜绝滥权，从而创造良好经商环境，吸引更多外商来马投资。

9. 提案： 呼吁市政府检讨执照收费条例，避免涨幅离谱，吓跑投资者。

- 案由：
1. 执照费的涨幅是根据地方政府条例所制定，由工厂规模、仓库大的企业类别等，制定合理执照费。当执照费暴增，如从 500 令吉变 80 万令吉，涨幅居然高达 1600 倍，加上计算方式跟国内其它地方有巨大差别，巴生会因此失去竞争优势，
 2. 巴生缺乏农业基础和天然资源，一旦经商成本增加将失去竞争力，投资者也会涌向其它地方。

- 案由：
1. 最近工业 4WRD 政策的进展有所停滞。即使当时的政府发生了更迭，政府的政策和方案仍应继续执行，因为不必要的改变或取消对国家有利的方案，会造成资源的浪费和国库的损失。
 2. DISF 资金已经枯竭，RA 和干预基金也在快速消耗，许多中小企业仍未从中受益。
 3. 政府在审批企业自动化援助金的申请上，也需了解该企业的工业状况，及关注刚刚入门自动化的中小型企业，以更低的门槛提供援助。

处理方法： 已提呈至马来西亚中华总商会处理

15. 提案： 呼吁政府将征收外劳人头税的部分基金作为工业自动化援助金，同时加强宣导及提供资金援助和培训课程，以协助中小型企业转型自动化，迈向工业 4.0。

- 案由：
1. 马来西亚大部分中小型企业依然对工业 4.0 发展缺乏清晰的认知，仍处于初入门/探索的阶段。

处理方法： 已提呈至马来西亚中华总商会处理

17. 提案： 1. 呼吁政府为中小及微型企业(MSME)提供可负担的融资和资源以开启 ESG 之旅。同时设立一站式中心以协助中小及微型企业实践 ESG 政策。
2. 呼吁政府制定全面的政策并成立新工作小组，以监督采用 ESG 议程的中小微企业情况，并让有关行业了解他们的挑战。

18. 提案： 1. 呼吁农业部积极宣传及推动现代农业并善用农业 4.0 的科技，提供资讯及援助金给予商家。同时，对现代农业科技的运用和青年从事农业方面，应加大扶助政策和拨款。

3. 呼吁农业部提供及宣传都市农业 (Urban Farming) 的课程，教育及鼓励人民善用自家空地。
4. 呼吁州政府以优惠价或推出低息贷款租赁种植地予农民，同时加强宣传及简化租赁程序，以提高水果蔬菜等农业产量及农民的收入。

- 案由：
1. 我国地理位置极佳及得天独厚，本地农业拥有很多潜能，只要加强人力资源、资金、科技及创新，我国农业就能一飞冲天。只要能达到自给自足，甚至还能出口至国外，那么我国农业就能为我国国民带来更多的收入。
 2. 随著现代科技进步，这些荒地开垦和运作也应确保运用现代农业科技。这样不仅可以有效提高农作物的产量和农民的收入，同时也应鼓励更多青年投入农业领域，以减少对劳力的依靠。
 3. 人民可以在自家空地种植蔬果，以达到自供自给。
 4. 我国水果种植也正蓬勃发展，为国家带来极大受益，但农民面对缺乏农地，以种植水果。
 5. 目前租赁私人农地价格昂贵，加重种植成本，影响农民的收入。

- 19. 提案：** 呼吁政府全面加速提升我国的宽频网络覆盖率及服务质量，继续扩大涵盖宽频的服务范围，及提高全国工业区的高速宽频（HSBB）覆盖率和加速 5G 设备，以提供更优质、稳定及快速的服务，促进国内电子商务的发展，也让城市边缘地区受惠，及让工业区有更快和可负担的网络服务。

- 案由：
1. 疫情后的新常态出现新契机，网络尤为普遍，这绝对是未来影响我国经济成长的因素之一。尽管近年来全国各地的网络服务已经略有改善，且价格也有所降低，可是在大部分乡村地区的网速依然缓慢、不稳定且价格昂贵。在顺应电子时代发展，并惠及全国人民的需求下，建议政府在铺建宽频电讯基建时，应不只是关注城市居民，也需涵盖全国各乡区，扩大涵盖宽频的服务范围，让全国人民通过网络来适应新冠肺炎疫情后所带来的生活改变。
 2. 在新冠肺炎疫情下已带来了新常态发展，许多工业和商业领域都高度依赖网络，以支持他们的运作。

(D) 教育与培训

Education and Training

20. 提案： 呼吁政府有制度的拨款兴建华小。

案由： 1. 教育部推行的《2013 - 2025 年教育大蓝图》没有提出制度化增建华小等源流学校，反而提出合并和关闭微型学校，致使华小的学校数量减少。这将让华小爆满的现象更加恶化，供不应求。

2. 华小应建设在华人人口密集的新城镇。

处理方法： 已提呈至马来西亚中华总商会处理

21. 提案： 1. 呼吁政府通过 HRDF 拨款培训失业及待业大学生，让他们能够重新培训技能，以提高技能水准符合人才市场的需求。

2. 呼吁政府提供税务奖掖鼓励大学及企业，以产学合作方式培育出符合社会需求的人才。

3. 呼吁政府或教育部鼓励学术界与企业推动产学合作计划，深入探讨符合市场需求的课程（尤其是应用科学和技术课程）以让大学生学以致用，同时也提供企业所需的人才，同时可减少大学生失业问题。

案由： 1. 国家朝向先进国需要培养更多技术工人，以应付国家技术及服务领域的庞大需求，而掌握一技之长，除可提升竞争能力，也能同时解决经济不景气所带来的失业率。

2. 大学的任务是培育人才、传播知识、进而知识创新，必须培育出符合社会需求并能以创新方式带动进步的人才，因此学术界可以透过产学合作研究，帮助企业解决人力资源问题并突破经营困境，从中也丰富教学内容，建立实务经验，让学生毕业后学以致用，增加就业率并促进国家经济成长。

处理方法： 已提呈至马来西亚中华总商会处理

22. 提案： 呼吁政府建设专科大学，专供新科学领域，例如高频无线通讯、太空卫星导航系统、人工智能、环保保护科学等项目。除了增进年轻人才的就业发展，更可加速我国工业革命的脚步，促进竞争优势。

- 案由：
1. 我国在培训人才方面，可从两个方向开始着手，第一吸引学生就读科学与工程科系；第二则是加强科学和数学的教学品质。
 2. 现今就读科学与工程科系的学生人数下降，若想增加对这门科系的兴趣，可从小学下手。政府可以拨款在全国设立科学中心，从中激发学生的兴趣。
 3. 目前大专学院毕业生并不具备科技上的工作能力，尤其在新科技的发展中，甚至学校教师也未有这方面的接触，导致有学术断层的现象。

(E) 旅游与地方政府

Tourism & Local Authority

23. 提案： 呼吁雪州旅游局在疫情之后积极推动巴生及滨海一带的旅游业。

- 案由：
- 巴生及滨海一带不乏旅游景点，就如适耕庄、瓜拉雪兰莪、瓜拉冷岳等都有吸引游客之处。推广旅游业不仅是能带动人潮，也能促进当地经济，增加工作机会，以提升竞争能力。

处理方法： 已提呈至马来西亚中华总商会处理

24. 提案：

1. 呼吁政府放宽及简化对外国游客签证的批准条件以快速振兴旅游业。
2. 呼吁移民厅对入境游客的态度应一视同仁，无差别地执行相应措施。

- 案由： 1. 旅游业是一种无形的生产产业，但驱动力强，可以直接或间接地促进交通、商业服务、建筑、金融、房地产等行业的发展，也可以促进整个国民经济的发展。目前旅游业是马来西亚进口收入的第三大来源，仅次于制造业和商品，如放宽对外国游客的签证批准条件，将吸引更多的游客来马，这将可提升我国的经济和外汇收入。
2. 移民局官员态度恶劣的事件不时有发生，尤其游客在未经证实情况下就被扣押，无疑大大地破坏马来西亚的国际形象。

处理方法： 已提呈至马来西亚中华总商会处理

25. 提案： 呼吁地方政府朝向智能城市的方向发展，在巴生各地区设置 CCTV 监控系统，以改善当地治安。

6.1.2.2 邱耀仲（会员号码：FM0339/14）表示政府应加强鼓励人民购买国货。

6.1.2.3 邱良泉（会员号码：FS0025/92）表示康养是日本模式的企业，根据卫生部通过的白皮书，民众的健康指数越渐下调，平均住院率达 9 年半，而老人家老了就去医院、老人院等，长此以往也不是办法，因此商会的文教组开始注重康养这一新兴行业，而康复医院仅是康养的一小部分。康养不仅涉及自身，也涉及家长、旅游、教育及健康，我国有潜力成为康养国，希望政府能配合。

6.1.2.4 魏永胜（会员号码：II0141/01）表示华裔子弟对工程、医生等行业的入学率越渐减少，现在的孩子选择科系时，往往会先思考未来的出路，希望能早日出社会赚钱，因此需着重在小学时培养这方面的知识，但我国暂无此等环境，政府应当鼓励这一方面。

6.0 Matters Arising

6.1 Discussion on Prepared Motions submitted by Members

6.1.1 Ng Tien Chor, Chairman of the Motions Committee reported that at the closing date on 9 June 2023, other than 25 motions submitted by the Chamber's Council, the Secretariat had not received any motions submitted by members.

6.1.2 The meeting unanimously approved the following motions:

(A) Macro-Economics and Government Policies

- 1. Proposal : To urge the government to lift the freeze on applications for foreign workers and the freeze on the import of new foreign workers.**

Rationale : 1. The freeze on applications for foreign workers will impact the nation's productivity and GDP and seriously affects many SME which still rely on foreign workers.

2. Employers who have paid out the foreign workers quota and paid out the foreign workers' levy are given 18 months to apply for foreign workers and legally speaking, during these 18 months, the government cannot cancel their quotas.
3. The government should approve applications for foreign workers on a case-by-case basis to meet the changing production needs of enterprises.

4. Some new investors need to apply for the foreign worker quotas as certain production processes require low skill manpower and their inability to hire foreign workers will upset their investment plans.
2. **Proposal : To urge the government to listen more to the views of the business community before revising the minimum wage scheme and/or employees' benefits, and to adopt a policy of gradual increase of the minimum wage scheme or benefits.**

Rationale :

1. The proposed increase of employers' EPF contribution to 20% will force employers to pass on the additional cost to consumers, causing higher inflation. At the same time, the domino effect will trigger another round of price increases and eventually bring sufferings to the people. The proposed increase will only lead the business sector to dire straits, eventually undermining the nation's economic recovery.
2. The proposed increase of employers' EPF contribution rate will have no significant impact on big companies, Government-Linked Corporations and multinationals but not micro and small and medium enterprises (MSME) as they may collapse due to higher operating cost and reduced profit margins.

3. **Proposal : To urge the government to encourage SMEs to engage in e-commerce and business digitization and to intensify publicity and promotion of its tax incentive or financing programmes or counselling plans to the business community through multimedia channels.**

Rationale : 1. In the face of the uncertainty surrounding the global economic outlook, local SME should seize the hard-to-come-by strategic opportunities by taking full advantage of the various incentive packages and preferential policies offered by the government to venture into cross-border e-commerce in line with the Malaysia Digital Economy Blueprint in order to integrate with the global market and open up more international sales channels for quality local products.

2. The Covid-19 pandemic has hastened the use of e-commerce by Malaysians and businesses, making the consumption trend as the new normal.

4. **Proposal :** To urge the government to make good its promise on the eradication of corruption in the country and eliminate administrative abuses according to law so as to create a sound business environment to attract more foreign investment to Malaysia.

Rationale : Corruption can destroy a nation and result in political instability, stagnant business activities and deprive the public of fairness and justice, affecting investment in the country by foreign investors.

5. **Proposal :** To urge the government to take appropriate measures to control the escalating inflation such as strict supervision and control of price increases by the government or the Ministry of Domestic Trade and Consumer Affairs while improving the environment for doing business to lower the operating cost of businesses.

Rationale : High inflation weakens people's consumption power and cause difficult livelihood. It is important for the government to ensure the adequate supply of daily essentials to suppress price increases. In addition, the government must ensure that the present subsidy policy is continued so as to curtail inflation.

6. Proposal : To urge the government to hold election for local councils.

Rationale : Currently, councilors of local councils are appointed by the respective state governments. To enable the people to have a bigger say and to create a more democratic society, it is proposed to allow the people to manage and elect their local councilors who are capable, honest and dedicated in serving the local population.

7. Proposal : To urge the government, in view of the scrapping of the U-Customs System, to expedite the utilization of custom systems with the latest IT technologies, in line with those used by advanced countries, to replace the present archaic infrastructure.

Rationale : Currently there are too many individual systems in place with no proper integration and these systems require too much manual input, which will eventually lead to erroneous results and prone to unscrupulous practices. With modern AI, all the inherent flaws in the current systems will be resolved, with advanced infrastructure acceptable globally on similar platform, hence reducing the cost of doing business and increasing productivity.

8. **Proposal :** To urge the government to introduce more measures to support SMEs to adopt the RCEP. Government agencies have to brief SMEs accordingly through sessions organized by the agencies to facilitate the implementation of RCEP.

Rationale : Malaysia ratified RCEP in January 2022, and started to implement it on 18 March 2022.

9. **Proposal :** To urge the Klang Municipal Council to review the regulations on various prescribed fees to avoid exorbitant increases which may scare away investors.

Rationale : 1. Increases in license fees are determined based on local government's by laws and should be reasonably fixed according to the size of factories, categories of warehouse, etc. Sharp increases in license fees, examples increased to RM800,000 from RM500, an increase of 1,600 times, and the vast difference in computing methods used in Klang and other parts of the country will cause Klang to lose its competitive edge.

2. Klang does not have an agricultural base and natural resources and will lose its competitiveness due to the increase in the cost of doing business, causing investors to turn to other areas.

10. **Proposal :** To call upon the government to organize more exhibitions/fairs when appropriate to promote Malaysian products to China to take advantage of the immense opportunities created by China's Dual Circulation economy strategy.

- Rationale :
1. China is actively fostering a new development paradigm of Dual Circulation with domestic circulation as the mainstay and domestic and international circulations reinforcing each other. With a population of 1.4 billion and a huge middle class of 400 million people, China is forming a vast consumer market with enormous potentials.
 2. The economic Dual Circulation strategy and the continual improvement in socio-economic conditions will further open up the consumer market in China, offering an opening for Malaysian economy and businesses which have been long troubled by the current pandemic. The government should help local SME under the framework of the Belt and Road Initiative to export more products to China to enjoy the bonus offered by China's huge consumer market.

(B) Taxation

11. Proposal : To urge the government to gradually lower on a yearly basis the following tax rates :

1. Personal income tax RM 100,000 to 1,000,000, from the current tax rate of 24.5% to 30% to the proposed tax rate of 18% to 25%, and the proposed tax rate of taxable income exceeding RM 2,000,000 is 30%
2. From 24% to 20% on profit of more than RM0.6 million achieved by SMEs.
3. Investment holding companies should be entitled to the same tax regime as SME.

- Rationale :
1. Low the personal income tax to increase people's spending power.

2. The corporate tax rate of 24% imposed on large companies in Malaysia is higher than the tax rates of Singapore, Hong Kong (17%) , Thailand and Vietnam (both 20%) .
3. A preferential policy of lower corporate tax rate will not only reduce operating cost and benefit economic growth but will also stimulate the growth of Direct Domestic Investment. It will also attract the influx of Foreign Direct Investment, thus creating more job opportunities, enhancing international competitiveness of local businesses as well as promoting export trade.

12. Proposal : To urge the government to waive across the board the 3-year Real Property Gain Tax (RPGT) on individuals and companies in order to help boost the property market.

- Rationale :
1. The property industry (including houses, factories, land and businesses) is a leading and fundamental industry of Malaysia's economy. It is also a capital and labor-intensive, industry-driving sector having a long industry chain and multiple ancillary sub-sectors.
 2. The waiver of RPGT will be a boon to the property market which has been adversely impacted by the Covid-19 pandemic and will stimulate property transactions, prompting the nation's economic growth.

13. Proposal : To urge the government to reintroduce the GST with a starting rate of 3% and abolish the present Sales and Services Tax (SST).

- Rationale :
1. The reintroduction of the GST will contribute towards more equitable tax regime and increase revenue for the nation.
 2. GST is a more efficient tax system as compared to SST which has many loopholes.

(C) Trade and Industry

14. Proposal : To urge the government to provide more clarity and updates, more active and continued promotion on “Industry 4WRD: National Policy on Industry 4.0” which was launched on 31/10/2018. Also to urge the government to provide more allocation for DISF, Readiness Assessment (RA) and Intervention Fund to support SMEs in adopting Industry 4.0, especially for SMEs which are new to Industry 4.0.

- Rationale :
1. Lately the progress of the Industry 4WRD policy was mostly unheard of. Even though there was a change in government of the day, government policies and programs shall be continued since unnecessary changes or cancellation of programs which are beneficial to the country, will result in the waste of resources and losses to the government coffers.
 2. The DISF funds have dried off. The RA and Intervention Fund have also been depleting fast. Many SMEs still have not benefitted from these funds.

3. When examining and approving applications for industrial automation grant, it is imperative for the government to understand the industrial conditions of the applicants and to pay attention on SME which have just embarked on automation and provide assistance to them with lower thresholds.

15. Proposal : To urge the government to utilize part of the levy collected on foreign workers to help fund the automation transformation of SMEs, and to intensify publicity, provide financial assistance, and conduct training programmes to assist the transformation of SMEs towards automation and Industry 4.0.

- Rationale :
1. Most local SME lack a clear understanding on Industry 4.0 and are still in the stage of elementary knowledge/exploration.
 2. SMEs are unable to face competition in the international market due to their inability to embrace automation as a result of the lack of capital and information.

16. Proposal : To urge the government, such as MATRADE to set up a One Stop Centre (OSC) to assist exporters to resolve and fulfill the ESG requirements of importing countries (especially Europe and the United States).

- Rationale :
- Local exporters often lack an understanding on ESG requirements, resulting in the infringement of regulations of western countries and subsequent forfeiture of commodities, import ban or fines by such countries, causing financial or reputation loss.

- 17. Proposal :**
- 1. To urge the government to provide affordable financing and resources to enable MSME to embark on their ESG (Environmental, Social and Governance) journey and set up a one-stop center to assist MSME in implementing their ESG policy.**
 - 2. To urge the government to formulate a holistic policy and a new task force to monitor MSME on their implementation of the ESG agenda and assist the relevant sectors to understand their challenges.**

Rationale : ESG assistance funds should not only cater the needs of large enterprises but also assist MSME which require financing and government aid to implement their ESG policy.

- 18. Proposal :**
- 1. To urge the Ministry of Agriculture and Food Security to actively publicize and promote modern agriculture and make best use of Agriculture 4.0 technology and provide relevant information and funding to agricultural entrepreneurs. At the same time, the government should enhance its policy and allocation to promote the use of modern agricultural technology and encourage youth to venture into agricultural activities.**
 - 2. To urge the government to open more idle land for application by the people and encourage Malaysians to develop idle land to increase usage and production of agricultural produce and food, thereby increasing farmers' income and their contribution to the nation.**

3. **To urge the Ministry of Agriculture and Food Industries to conduct and publicize courses on Urban Farming so as to educate and encourage the people to make use of vacant land of their houses.**
4. **To urge the state government to lease farm land to farmers at concessionary rates or provide low interest loans for leasing while intensifying publicity and simplifying the lease process so as to increase fruits and vegetables production and farmers' income.**

- Rationale :
1. Agriculture has immense potentials due to Malaysia's strategic geographic location and abundance of natural resources. With the proper input of human resource, capital, technology and innovation, the sector will grow by leaps and bounds, achieving not only self-sufficiency in food production but also food exports to generate more income for the people.
 2. With the advance of modern technology, the development and operation of idle land will ensure the use of modern agricultural technology, thereby effectively increasing crops production and income of farmers and encouraging more youths to involve in the agricultural sector and reducing the reliance on labour.
 3. People may plant vegetables and fruits on vacant land of their houses to achieve self-sufficiency.

4. Malaysia's fruit growing industry is booming and brings substantial benefits to the nation. However, farmers are facing the shortage of farm land to grow fruits such as dragon fruit and vegetables.
5. The current rentals for private-owned land are high, increasing the cost of farming and affecting farmers' income.

19. Proposal : To urge the government to increase the overall coverage of broadband, High Speed Broadband (HSBB) and expedite the installation of 5G infrastructure in the country, and improve its service quality by providing more quality, stable and fast service, promoting the development of e-commerce, so as to extend the coverage of broadband service to benefit more areas and provide faster and affordable internet service to industrial areas.

Rationale: 1. The post pandemic new normal has created new opportunities with the increasing usage of the internet and this will definitely become one of the factors influencing the nation's future economic growth. In spite of the slight improvement and lower charges for internet service in the country, internet speed in most rural areas remains slow, unstable and expensive. In tandem with the development of the electronic age and for the benefit of all Malaysians, it is proposed that the government pay attention not only on the urban population but all rural areas in the country when building broadband infrastructure in order to expand the coverage of broadband service and enable the people to adapt to post pandemic changes in their lifestyle.

2. As a result of the post-pandemic new normal, many industrial and commercial sectors are highly dependent on the internet to support their operations.

(D) Education and Training

20. Proposal : To urge the government to provide institutionalized allocation to build more Chinese primary schools.

Rationale : 1. The Malaysia Education Blueprint 2013-2023 does not provide any institutionalized allocations for building Chinese and other vernacular schools. Instead, it provides for the merger and closure of micro Chinese primary schools which will result in the reduction of Chinese primary schools and the aggravation of overcrowding and shortage of Chinese primary schools in urban areas.

2. More Chinese primary schools should be built in towns and cities predominantly populated by Chinese.

21. Proposal : 1. To urge the government to provide grants through the Human Resource Development Fund (HRDF) for skill re-training of the jobless, unemployed and graduates to enhance their employability in the job market.

2. To urge the government to provide tax incentive to encourage universities and businesses to undertake industry-university collaborative research with a view to nurturing talents who match the needs of the community.

3. To urge the government or the Ministry of Education and the academia to promote Industry-Academia Collaboration and study in-depth courses matching market needs (especially science and technology based courses) to enhance students' marketability and provide industry-oriented human capital, thereby minimizing unemployment of graduates.

- Rationale :
1. As Malaysia aspires to become a developed nation, it requires more technical workers to be trained to meet the huge demand in the technical and service sectors. Being equipped with a skill can enhance one's competitiveness and help lower the unemployment rate caused by the economic slowdown.
 2. The role of universities is to nurture talents, disseminate knowledge and develop innovation. Hence, universities should groom talents who match the needs of the community and are capable of fostering progress with innovation. In this aspect, through industry-university collaborative research, The Academia can assist in resolving problems and operation difficulties facing them while enriching teaching contents and practical experience of universities which can be used by students after their graduation, thereby improving their employability and the nation's economic growth.

22. Proposal : To urge the government to set up specialised universities which offer new science programmes such as high frequency wireless communications, space-based navigation satellite system, Artificial Intelligence, environmental protection, and so on. This will not only enhance the employability of young talents but also expedite the nation's pace towards industrial revolution and promote competitiveness.

- Rationale :
1. Malaysia could adopt a two-prong approach in talent training: The first prong is to attract students to pursue courses in science and engineering and the second prong is to enhance the teaching quality of science and mathematics.
 2. University enrolment for science and engineering courses is on the decline and to cultivate students' interest in these subjects we may start with primary students. In addition, the government should provide allocations for the setting up of science centres throughout the country to stimulate students' interest in science.
 3. Presently, graduates of institutions of higher learning are not equipped with the necessary technical/technological skills, especially in new technologies and even teachers are less exposed technologically, resulting in a gap in the teaching of technical and technological knowledge and skills.

(E) Tourism & Local Authority

23. Proposal : To urge Tourism Selangor to actively promote the tourism in coastal Selangor after the COVID-19 pandemic.

Rationale : Klang and the coastal region of Selangor are abound with tourist destinations such as Sekinchan, Kuala Selangor, and Kuala Langat. The promotion of local tourism will not only increase tourist arrivals but also drive local economy, increase job opportunities and competitiveness.

24. Proposal :
1. **To urge the government to relax and simplify the approval conditions on visa for foreign tourists after the Covid-19 pandemic to speedily revive the tourist industry.**
 2. **To urge the Immigration Department to treat all inbound travellers equally and carry out the relevant measures without any discrimination.**

Rationale :

1. Tourism is an intangible productive industry with powerful driving force directly or indirectly promoting the development of other sectors such as transport, business services, construction, finance and property, and the overall national economy. Presently, tourism is Malaysia' s third largest revenue earner after manufacturing and commodities. The relaxation of visa approval conditions on foreign tourists will attract more tourists to Malaysia, increasing our foreign exchange income and economic growth.
2. There are frequent reports of incidents of poor attitude by Immigration Department officers especially detention of foreign visitors without concrete proof which undoubtedly had grossly tarnished Malaysia' s international image.

25. Proposal : To urge local government to develop towards the smart city concept by installing CCTV system at various areas in Klang to improve local safety and security.

Rationale : Security and safety are crucial for a conducive business environment and local residents as a harmonious environment will promote business opportunities and a livable setting. In this aspect, reference may be made to China whereby CCTVs are installed widely to prevent crimes.

6.1.2.1 Ng Tien Chor, Chairman of the Motions Committee, among the Constituent Chambers of the Associated Chinese Chambers of Commerce and Industry of Malaysia (ACCCIM), KCCCI submitted the most motions.

6.1.2.2 Khoo Yeow Chong (Membership No: FM0339/14) opined that the government should intensify efforts to encourage Malaysians to buy local products.

6.1.2.3 Khoo Liong Chuan (Membership No: FS0025/92) informed the meeting that the wellness and health industry in Japan had become the model industry. According to a white paper approved by the Ministry of Health, the public health index was declining with average length of hospitalization at 9 and half years and elderly folks were sent to hospitals or old folks homes when they were sick. However, he opined this was not an ideal solution in the long run. In this aspect, the Culture and Education Fund Committee of KCCCI had since begun to pay attention on the wellness industry as an emerging sector. He added that rehabilitation hospitals only accounted for a small part of health and wellness. He said wellness was not only concerned about individuals and their parents, but was also related to tourism, education and health. Hence he expressed

the hope that the government could work with the wellness industry to develop Malaysia' s potentials as a country of wellness.

6.1.2.4 Johnson Wey (Membership No: II0141/01) said the enrolment of Chinese students for engineering and medical degree courses was declining as students were mainly concerned about their career prospects when selecting what course to pursue as they hope to graduate soon to work and make money. Hence, he opined that such knowledge should be instilled to students while they were in primary schools. However, he was of the view that Malaysia was lack of such learning environment and the government should encourage efforts towards this end.

The meeting adjourned at 12 noon.

1. 雪兰莪滨海中华总商会 2022-2025 年度董事就职典礼

ACCCICS Council Swearing-In Ceremony for the Term of 2022-2025

雪兰莪滨海中华总商会于 2023 年 5 月 27 日，上午 11 时正在本会礼堂举行雪兰莪滨海中华总商会 2022-2025 年度董事就职典礼。雪兰莪滨海中华总商会邀请马来西亚中华总商会总会长丹斯里拿督卢成全上议员为就职典礼监誓人，并邀请马来西亚中华总商会署理总会长拿督吴逸平硕士以及雪兰莪滨海中华总商会名誉会长丹斯里拿督林宽城做见证。

会长拿督陈杰辉表示，雪兰莪滨海中华总商会积极推动大滨海区旅游业和巴生市复兴计划，协助中小型企业推广美食及多元文化等，吸引游客前来，以推动地方经济。旅游业是雪州主要的收入来源之一，目前雪州缺乏星级酒店，以致许多外国游客到雪州仅是一日游，大多数选择留宿在吉隆坡，就算留宿在雪州也大多是在雪州的边缘大城市，如八打灵再也或梳邦市。

会长拿督陈杰辉呼吁政府在滨海区，如巴生、瓜雪及适耕庄等地兴建星级酒店，以进一步推动雪州旅游业。明年的世界华商大会将在吉隆坡举办，该会也将积极配合扮演重要角色，希望借此机会整合及推广雪州旅游景点至全世界的华商。

拿督陈杰辉呼吁政府尽速落实明智的亲商政策，以免拖慢企业复苏步伐。目前商家面对诸多内忧外患的挑战包括人力严缺、马币贬值、供应链持续中断、原材料成本飙升，全球经济衰退、俄乌战争等，影响我国出口需求，继而拖累大马经济复苏。巴生厂商面对执照费大暴涨问题，巴生市议会的新算法为业者带来巨大冲击，执照费从 500 令吉变成 80 万令吉不等，将冲击巴生在经济上的竞争力，吓走外资，有损巴生港口的竞争力。

市议会的新算法是根据厂房和仓库面积计算，同时细分其他执照，很多厂商可能因为成本问题而选择搬迁至其他地区，希望州政府及地方政府能把执照费调整至一个合理的范围。

本会代表出席者有丹斯里拿督林宽城、拿督陈杰辉、戴良麟、张裕民律师和刘雁红律师。

On 27 May 2023, the Associated Chinese Chamber of Commerce and Industry of Coastal Selangor (ACCCICS) held the swearing-in ceremony for its 2022-2025 Council at Auditorium, Wisma KCCCI. The swearing-in was officiated by Senator Tan Sri Dato' Low Kian Chuan, President of the Associated Chinese Chamber of Commerce and Industry of Malaysia (ACCCIM) and witnessed by Datuk Ng Yih Pyng, ACCCIM Deputy President and Tan Sri Dato' Lim Kuang Sia, Honorary President of ACCCICS.

Dato' Jeffery Tan said the ACCCICS had been actively promoting the tourist industry in Coastal Selangor and the Klang City Rejuvenation (KCR) Project and assisting SME to publicize local delicacies and cultural diversity to attract more tourists to uplift the local economy. He added that tourism is one of Selangor's sources of revenue. However, he said due to the lack of star-rated hotels, many foreign tourists chose to have only a day tour in Selangor and preferred to stay in Kuala Lumpur or nearby major cities and towns such as Petaling Jaya or Subang Jaya.

Dato' Jeffery Tan urged the government to build more star-rated hotels in Selangor's coastal areas such as Klang, Kuala Selangor and Sekinchan to further drive the state's tourist industry. He added that KCCCI would actively collaborate and play an important role in facilitating the World Chinese Entrepreneurs Convention scheduled to be held in Kuala Lumpur in 2024 and hoped to take advantage of the event to consolidate and introduce the tourist spots in Selangor to Chinese entrepreneurs across the world.

Dato' Jeffery Tan urged the government to implement a favourable business-friendly policy as soon as possible so as not to slow down the economic and business recovery. He said the business community was plagued by various issues and challenges, including labor shortage, declining ringgit, continual interruptions to the supply chain, rising prices of raw

materials, global economic slowdown, and the Russia-Ukraine conflict, impacting demand for Malaysia's exports and dragging the country's economic recovery. He also highlighted the issue of hefty increase in license fees faced by manufacturers in Klang due to a new fee calculation method used by the Klang Municipal Council (MPK) to determine the fee quantum. He said this would impact Klang economic competitiveness, discourage foreign investors and affect the competitive edge of Port Klang.

The new calculation method adopted by the MPK, which is based on the area of factory and warehouse, might force some manufacturers to move out. ACCCICS hope that the state government and local government can adjust the licensing fees to a reasonable level

The Chamber was represented at the event by Tan Sri Dato' Lim Kuang Sia, Dato' Jeffery Tan, Ir. Ter Leong Leng, Chong Jee Min and Liew Ngan Fung.

2. 礼貌拜访吉隆坡国际机场移民局 Courtesy Visit to KLIA Immigration

雪兰莪滨海中华总商会于 2023 年 6 月 8 日上午 10 时正，礼貌拜访吉隆坡国际机场移民局，主要是向移民局官员反映和提出包括改进和提升入境检查和柜台服务等事项。

会长拿督陈杰辉致词时，向在场的移民局领导反映华商所搜集的多项事宜，包括中国商家和游客等在办理入境手续时，往往因语言不通而受到阻扰。雪兰莪滨海中华总商会希望移民局改进和进一步提升入境检查和柜台服务，减少排长龙现象，让通关手续更顺畅，这也有助于提高我国形象，让入境的外国游客留下良好印象。

会长表示希望移民局在这方面有所改进，以促进旅游业的同时，带动我国经济发展，其代表总商会提出建议，希望值勤移民局官员在检查入境游客时，一律公平公正，避免一些外国游客遭到“针对性”的对待。这也同时显示我国移民局官员都是高度负责任、有效率及公平的表现以带来良好的声誉。

此外，雪兰莪滨海中华总商会提出允许中国游客使用自动通关闸门入境我国的要求，好让游客能快速，顺畅通关入境，同时也促请当局开设更多服务柜台，让他们顺利通关及避免拖延导致游客滞留在机场。

在场与雪兰莪滨海中华总商会进行对话交流的移民局高官有副总监诺鲁拉德京、吉隆坡国际机场（KLIA）移民局主任李詹姆斯及吉隆坡第二国际机场（KLIA 2）阿沙尼等。

移民局副总监诺鲁拉德京较后表示，通过此对话交流，可促进双方的了解，并承诺将把雪兰莪滨海中华总商会的反馈和建议，提呈至上层或相关单位。

本会代表出席者有拿督陈杰辉和戴良麟。

On 8 June 2023, a delegation from the ACCCICS paid a courtesy visit to the Immigration Department at Kuala Lumpur International Airport (KLIA). The visit was mainly aimed at conveying feedback and suggestions to improve and enhance entry inspection and counter services rendered by the Immigration Department.

Speaking at the visit, ACCCICS President Dato' Jeffery Tan put forward feedback collected by the Chinese business community on various related issues including problems of immigration clearance at the airport encountered by business people and travelers from China due to language barrier. He said ACCCICS hoped that the immigration department could improve and further upgrade the immigration inspection and counter services to minimize queues and ensure smooth immigration clearance, thereby enhancing the nation's image and the travelling experience of foreign tourists to Malaysia.

Dato' Jeffery hoped the immigration department could improve in these areas to help promote tourism and drive the nation's economic development. He also requested immigration offices on duty to treat all foreign travelers equally and avoid targeting "certain" travelers so as to

show that Malaysian immigration officers were highly responsible, efficient, and impartial to project a positive reputation

In addition, ACCCICS also requested the Immigration Department to allow travelers from China to use the automated immigration gate (E-gate) for faster and smoother immigration clearance to Malaysia. The chamber further requested the department to open more service counters to ensure smooth clearance and minimize delays and waiting time at the airport.

Senior Immigration department officers present at the meeting with ACCCICS included Nooruladzim Ateman, Deputy Director, Immigration Department, James Lee, Immigration Operations Head, and Ashani, of KLIA 2 Immigration Department.

Nooruladzim Ateman, said the meeting with ACCCICS had fostered mutual understanding between the two sides. He promised to convey the ACCCICS feedback and suggestions to the higher authority or the relevant departments.

雪兰莪滨海中华总商会于 2023 年 6 月 13 日，傍晚 7 时正于 Centro Mall 好想吃酒家，举行与农业及粮食安全部副部长 YB 陈泓缣的交流晚宴。此交流晚宴的目的是与农业及粮食安全部副部长 YB 陈泓缣互相交流与联系。

YB 陈泓缣在致词时介绍该部门的属下机构如农业局、兽医服务局、渔业局、检疫及检验局、马来西亚农业发展研究所、农民组织局、联邦农业销售局、马来西亚渔业发展局、慕达农业发展局、马来西亚黄梨工业局、格姆布农业发展局、马来西亚生物经济发展私人有限公司以及马来西亚农业银行。

YB 陈泓缣表示许多耕种榴梿业者会询问，为何没有榴梿局而有黄梨局，并解释道黄梨局是在英国殖民时期就已成立。成立一个局是需要资金，且稻米已从农业局分割出来，农业局只是管辖水果和蔬菜。如成立一个榴梿局会困难，但如果升级至热带水果局的可能性比较大。如成立热带水果局，农业局就只剩蔬菜。

YB 陈泓缣在致词时表示农业及粮食安全部这届的目标：

1. 落实 2 年 5 次播种稻米种植计划，增加国内稻米产量，以改善我国农业食品生态系统。
2. 提高养牛效益；目前有 7 成的牛属于进口，仅 3 成的牛为本地饲养。
3. 提高鱼类产量。
4. 重启本地玉米谷物农业种植项目。在过去两年因大环境的改变，导致粮食成本翻倍。我国曾尝试耕种玉米，因经济规模的原因而停止了。

农业及食品安全部副部长 YB 陈泓缣指出，日前有与其他部门开会，其中有提及猪肉价格飙涨课题，主要是商讨决策来重建养猪业，包括现代化养殖技术以确保生物管控来防止猪瘟及类似的病菌，进一步稳定猪价。他会认真聆听业者的心声，了解企业需求，协助企业解决实际问题。

猪肉作为非穆斯林群体的主要蛋白质来源，近期生猪价格一直居高不下，他理解消费者的难处和压力。只是碍于本地许多养猪场都受到非洲猪瘟影响，以致生猪供应短缺，至今还未恢复到原有的市场所需供应量，才导致猪肉价格居高不下。

YB 陈泓缣在致词时表示他理解养猪业者如今的处境，猪农们如今面临更严峻的挑战及更大的风险，为此他将尽力提供协助，特别是在政策上的辅助，该部在探讨松绑进口猪肉的可能性，以便辅助本地市场，进而减低猪肉价格。无论如何，统制猪肉价格或依赖进口猪肉并非长远的办法。我国必须致力于重建国内的养猪业，若一味依赖进口猪肉，那我国没有粮食安全可言。

现阶段我国有必要多元化进口猪肉，以应付市场需求，进而稳定猪价。他呼吁和鼓励猪农朝向现代化农业方向发展，只有顺应时代与科技的转变，才能改善和加强整个猪肉产业供应链的弹性。

此外，日前首相拿督斯里安华访华成功，加强海产与菠萝蜜出口中国。强化水产养殖工业作为农业及粮食安全部门的发展目标之一，在经过友好协商下获得中方配合签署备忘录，以符合世界动物卫生组织（WOAH）和中方规定的高规格卫生标准向华出口马来西亚水产品，将能促使本地水产养殖工业大力发展。

配合《马来西亚菠萝蜜输华植物检疫要求议定书》，菠萝蜜将会是继大马榴梿之后进攻中国市场的本地水果。按照议定书，本地菠萝蜜将以全果方式输华，以最大程度保障果实口感与鲜度。预计今年的 8-9 月第一批的菠萝蜜会抵达中国。

农业及粮食安全部致力于继续以各种形式，推广我国的榴梿出口到世界各国，除了采集和出口榴梿鲜果，该部也一直鼓励果农多元化生产榴梿制产品，以增加收入及提高竞争力。除了专注以鲜果和冷冻方式出口榴梿，农业部也着重榴梿的下游产业，以大力发展食品工业领域。农业部与属下机构时刻确保出口到国外的榴梿属于优质等级，符合国际标准。

主要出席嘉宾有 YB 陈泓缣、YB 刘永山、YB 梁德志、拿督陈镇明、刘国胜、林振泉、锺旺添、李泉炅、Ben Lim 和 Tan AK。

本会代表出席者有拿督陈杰辉、戴良麟和林子枰。

On 13 June 2023, the ACCCICS hosted a networking dinner with YB Tuan Chan Foong Hin, Deputy Minister of Agriculture and Food Security at a leading restaurant at Centro Mall. The event was aimed at fostering exchanges and rapport with the Deputy Minister.

Speaking at the dinner, YB Chan briefed the audience on his ministry and agencies under it and their services, including the Department of Agriculture, the Department of Veterinary Services, Department of Fisheries, Malaysia Quarantine and Inspection Services Department, Malaysian Agricultural Research and Department Institute, Farmers' Organization Authority, Federal Agricultural Marketing Authority, Fisheries Development Authority of Malaysia, Muda Agricultural Development Authority, Malaysian Pineapple

Industry Board, Kemubu Agricultural Development Authority, Malaysian Bioeconomy Development Corporation Agrobank.

He said many durian planters might ask why there is no department or board in charge of the durian industry while there is a Pineapple Industry Board. He explained that the pineapple board was founded during the British colonial period. To set up a department or board required funds. Furthermore the rice industry had been taken off from the Department of Agriculture with the remaining fruits and vegetable sectors under its care. He said that it was difficult to form a durian industry board while it was more probable to launch a department/board on the tropical fruits industry. However, he said, if such a board were formed, the only sector under the purview of the Department of Agriculture would be the vegetable industry.

He also outlined the current objectives of his ministry as follows:

1. To implement the “five seasons in two years’ paddy cultivation plan to increase the nation’ s rice production and improve the agricultural food ecosystem;
2. To uplift the effectiveness of cattle farming as 70% of beef consumed in the country was imported while only 30% was locally produced;
3. To boost fish production; and
4. To increase local corn and cereals projects. In the last two years, changes in the economic environment had caused multiple increase in food cost and Malaysia’ s attempts to cultivate corn were halted due to the lack of economies of scale.

The Deputy Minister disclosed that his ministry had discussed the topic of reviving the pig farming in talks with other government agencies, covering areas such as modernization of pig farming technology by using biological control to prevent swine fever and similar viruses, thus further stabilizing pork

price. He said the government was willing to listen views and needs of pig farmers to comprehensively resolve problems facing the industry.

Pork is the main source of protein for non-Muslims and the price of live pigs had remained high in recent days due to supply shortage caused by the outbreak of the African swine fever in local pig farms. He said the supply of pork in the market had yet to fully recover, resulting in the persistent high price, and he understood the predicament and pressure faced by consumers.

YB Chan said he understood the severe challenges and risks facing the pig farming industry and would try his outmost to assist, especially in terms of policy, as his ministry was exploring the possibility of relaxing restrictions on the import of pork to supplement the local pork market and thereby lowering pork prices. Nevertheless, he pointed out that neither controlling pork price nor relying on imported pork was a long-term solution as it was important for Malaysia to revive the local pig farming industry as continued reliance on imported pork would not ensure the country' s food security.

He emphasized that at the present stage it was imperative for Malaysia to diversify its source of pork supplies to meet market demand and stabilize pork prices. He urged and encouraged pig farmers to develop towards modern agriculture in line with changes of times and technology so as to enhance the resilience of the entire pork industrial chain.

YB Chan said following the recent successful visit to China by Malaysian Prime Minister Dato' Seri Anwar Ibrahim, increasing the export of marine products and jackfruits and the development of the aquaculture had become one of the development objectives of his ministry. He said Malaysia and China had through friendly consultation, entered into a Memorandum of Understanding (MOU) to export aquatic products meeting the phytosanitary requirements prescribed by the World Organisation for Animal Health (WOAH) and China to China, strongly boosting the development of the local aquacultural industry.

In line with the Protocol of Phytosanitary Requirements for the Export of Malaysian Jackfruit to China, jackfruit would become another local fruit finding its way to China after durian. Under the protocol, locally produced jackfruits would be exported to China in fresh whole fruit to preserve its maximum freshness and tastiness. The first batch of Malaysian jackfruits was expected to be shipped to China in August or September.

YB Chan said apart from working to introduce and promote Malaysian durian to countries all over the world by collecting and exporting fresh durian fruits, his ministry had been encouraging fruit farmers to diversify their durian-based products to increase their income and competitiveness. He added that the ministry not only focused on the export of fresh and frozen durian fruits, but paid equal attention to the downstream growth of the durian industry in an effort to develop the food industry. In this respect, the Ministry of Agriculture and Food Security together with its agencies always ensure that export-bound Malaysian durian fruits were of premium quality and comply to international standards.

Apart from YB Chan, distinguished guests present at the dinner included YB Lau Weng San, YB Leong Tuck Chee, Dato' Tan Tian Meng, Low Kueck Shin, Benedict Lim Chin Khian, Jeffrey Choong Wong Thiam, William Lee, Ben Lim and Tan AK.

The Chamber was represented at the event by Dato' Jeffery Tan, Ir. Ter Leong Leng and Lim Zee Ping.

赖丽清助理总监在讲座上表示，人们警惕意识疲弱，主要是不了解诈骗集团所采用的手段，为此其鼓励大家应多了解，甚至成为反诈骗宣导大使。其指出，当局已推出国家诈骗应对中心热线 997，民众一旦意识转账活动可疑，可立刻致电此号码，精简阐明情况和说清楚本身资讯，好让警方和银行协助拦截金钱过账。

The objective of the talk was to give KCCCI members and businesspeople an insight on the prevailing scams and ways to prevent such scams. Speaking at the talk, KCCCI President Dato' Jeffery Tan said in today' s hectic lifestyle, the public often encountered potential threats and risks and the rampant scams had brought serious threat to the public' s life and property security. In addition, it would educate them on various scam tricks and the measures to be taken when they were being targeted by scammers, thereby becoming more vigilant and alert against any scam.

According to ACP Lai, although the police had yet to receive any complaint on so-called AI Scams, the police had begun to explore and study such scams and urged the public to be alert as new scams had appeared in overseas due to the emergence of increasingly sophisticated Artificial Intelligence (AI) technology whereby a scammer could clone a person' s voice or image to scam your loved ones over the phone, video or social media. Hence, it was important for the public to be alert by having secret phase when

communicating with family members and expose the scam by using the secret phase when you suspect the caller was indeed a scammer.

According to ACP Lai people had low alertness against scams was mainly due to the lack of understanding on the scam techniques by syndicates. Thus, she encouraged the public to understand more about scam techniques or even become an Anti-Scam Ambassador. She disclosed that the government had set up the National Scam Response Centre (NSRC) at telephone No 997 for the public to reach out if they suspect to have fallen victim to a scam by transferring funds from a bank account so as to enable the police and the bank to prevent the unintended financial transaction.

11. 雪兰莪滨海中华总商会第 17 届 (2023) 常年会员大会 ACCCICS 17th Annual General Meeting (2023)

雪兰莪滨海中华总商会于 2023 年 7 月 22 日，上午 11 时正于本会礼堂举行第 17 届 (2023)常年会员大会。大会一致通过由黄天佐为大会议长。此次共 38 位会员出席，符合本会章程的法定人数。

会长拿督陈杰辉呼吁政府，在推行最低薪金制度上，除了考虑劳工福利，也应把生产力增长做为推动的准则。拿督陈杰辉表示，政府在提高最低薪金上，旨在对抗通货膨胀，即希望增加国民工资来增加人们消费能力，以刺激和提振经济。然而，该措施实际也引发生产成本增加，尤其当局只为满足打工一族高喊‘钱不够用，要求加薪’的诉求，最终或让其引发反效果，甚至沦为了一项治标不治本的方案。

会长拿督陈杰辉表示届时雇主为符合政府指示，唯有提高雇员薪金，但在成本上涨的同时，若又无法或提高生产量的相应要求时，雇主可能为降低成本而采取裁员行动，最终也将引发失业率上升。为维护会员利益，我们此次大会共提出 26 个涵盖经济、政府、工商业政策、以及民生等课题的提案。当中，也呼吁政府在未来修改最低薪金制和雇员利益，如提高公积金时，应多聆听工商界的意见及采取渐进式提高幅度的策略。拿督陈杰辉也表示，最近令吉再次面临贬值压力，这凸显我国需要进行的不仅是短期解决方案，更应该推动结构性改革，以稳定令吉币值。

本次会员大会一共通过 26 项提案。

本会代表出席者有拿督陈杰辉、戴良麟、王顺诚、刘雁红律师、黄天佐、苏顺昌和陈祈福。

On 22 July 2023, the Associated Chinese Chamber of Commerce and Industry of Coastal Selangor (ACCCICS) held its 17th (2023) Annual General Meeting at the KCCCI Auditorium. The meeting unanimously elected Ng Tien Chor as Speaker of the meeting. A total of 38 members attended the meeting, constituting a quorum prescribed by the Rules of ACCCICS.

In his opening speech, ACCCICS President Dato' Jeffery Tan urged the government to benchmark the minimum wage scheme against employees' productivity in addition to the consideration on their benefits. He said the government's purpose of increasing the minimum wage was to address inflation, hoping that the hike in employees' wage would boost their spending power, thereby stimulating and reviving the economy. However, such a measure had in fact led to additional production cost, especially when the authority was only concerned about meeting the demand of workers for increase in wage, claiming that they did not have enough money to cover their living expenses, making the solution a palliative measure.

He added that in order to comply with the government's directive, employers would have no choice but to increase the employees' wage even though the wage hike had added to the production cost but was not

accompanied by a corresponding increase in productivity. This would force the employers to cut cost by retrenching workers and eventually lead to increase of unemployment.

Dato' Jeffery said to safeguard KCCCI members' interests, the AGM tabled a total of 26 proposals covering sectors such as the economy, government, business and industrial policies, and the people's livelihood. Among other things, the proposals urged the government to listen more to the views of the business community and implement progressive policies when revising the minimum wage scheme and employees' benefits such as EPF. He added that the recent depreciation pressure on the ringgit showed that the country needed not only short-term solutions to the problem but a structural reform to stabilise the value of the ringgit.

The AGM adopted a total of 26 proposals.

The Chamber was represented at the meeting by Dato' Jeffery Tan, Ir. Ter Leong Leng, Wong Soon Sin, Liew Ngan Fung, Ng Tien Chor, Soh Soon Cheong and Tan Kee Hock.

14. 礼貌拜访 99 Speed Mart Sdn Bhd

Courtesy Visit to 99 Speed Mart Sdn Bhd

本会青商团于 2023 年 8 月 25 日，下午 1 时 30 分于礼貌拜访 99 Speed Mart Sdn Bhd。此拜访目的是为了巴生青商团成员进一步了解 99 Speed Mart 公司生意模式以及了解人力管理方面的模式。

99 Speed Mart 名字的由来，乃因李良华认为无论在做人或做事都不可能达到 100 分，选择 99 除了发音容易之外，其实是要警惕自己在任何阶段都有再进步的空间。此外，99 Speed Mart 是以薄利多销及为消费者提供方便的概念来运营的百货业。

交流间，李良华与大家分享，其每一间分店都是马来西亚本地的员工，并没有录用外劳。李良华也表示其员工的流动量少于 30%，流动量最多通常发生在员工部最底层。此外，他也表示主要录取对象是刚大学毕业的员工。管理层会在每个星期二开会一次，并已持续了 30 年。所有的决定都会在会议上同意。雇员店长及副店长试用期期间，他们将上 2 个星期的课程，其中一个星期是上课及另外一个星期是实体训练。通过后就可以正式成为其分行店长或副店长。其每间分行的店长将在每个月召开一次会议。

交流期间，李良华表示下个月将会在网络平台测试货物营销。目前正在准备发布批量销售，凡消费满 RM500 以上将免邮费。他也表示去年才开始扩展 99 Speed Mart 分行到吉打州，并在下个月开始将开拓至登嘉楼南区，再慢慢扩展去吉兰丹州及玻璃市。

他也表示到没有打造 99 Speed Mart 品牌的商品的主要原因是因为在跟其他商家的商品对比来说处于不利形势。比方，99 自己的品牌与 Nestle 以同样的价格对比，消费者自然会购买著名品牌的商品。

李良华也表示经营 99 Speed Mart 的人力管理方面不会太多层次，以确保所传达的公司指示是有效的。他也表示到尽量使用 Whatsapp 及口传传达信息，最好不使用电子邮件来传达，因为现代人已经逐渐减少使用电子邮件了。在经营 99 Speed Mart 时，较注重内部提升，提供职员培训，内部转职。

最后，李良华建议在场的青商们，凡事量力而为，以小资本开始。自己的生意自己主导，需要有耐心逐步成长，一步一脚印。他也劝青商团尽量投资在自己身上及能省则省，不要随意消费。

本会代表出席者有梁哲民、陈志伦、关镇濠、王秋苹、姚景益、萧锦祥、陈保延、刘伟敏、廖文豪、李征翰、叶俊伟、黄诗佩、黄金兴、张锦光及 12 位会员们。

On 25 August 2023, the Chamber' s Young Entrepreneurs Committee (YEC) made a courtesy visit to 99 Speed Mart Sdn Bhd. The visit was aimed at enabling YEC members to better understand the business model and human resource management of the convenience store chain.

99 Speed Mart derived its name from the belief of its founder Lee Thiam Wah who believed that nothing or no one could achieve 100 percent perfection. The name 99 Speedmart was also to remind one that there was always room for improvement in whatever endeavour. The grocery chain works on the principle of small profits but large turnover and offering convenience to consumers.

During the meeting with KCCCI YEC members, Lee Thiam Wah shared that all 99 Speed Mart stores were manned by local employees without any foreign workers. He added that the chain staff turnover was less than 30% and high turnover mainly involved lower rank workers. He disclosed that the company would mainly recruit new university graduates, adding that the company management would meet once on every Tuesday and this practice had been kept for the past 30 years. All decisions had to be agreed upon at the management meeting. All store managers and assistant managers would have to undergo a 2-week course during their probation. First week of the course covered class room teaching and the second week involved hands on training. Candidates successfully passed the training course would be confirmed of their respective positions. Each store manager had to hold a staff meeting once a month.

Lee Thiam Wah also disclosed that the company would conduct trial online marketing in September 2023 and was currently preparing the launch of bulk sales whereby free shipping would be provided for sales exceeding RM500.00. He further disclosed that the company had begun to expand the 99Speed Mart chain to Kedah in 2022 and to Terengganu in September 2023. It had also planned to expand gradually to Kelantan and Perlis.

He said the main reason that 99 Speed Mart had not created its own brands was due to its price disadvantage as compared to brands of other companies. He cited the example of the price of a 99 Speed Mart own brand against that of Nestle and said that consumers would naturally buy the product of a well-known brand.

On human resource, Lee said the company did not have too many levels of human management hierarchy to ensure the effective communication of company directives. He also disclosed that he had resorted to sending messages by using WhatsApp and by mouth as much as possible and avoid using emails as people nowadays have begun to use less and less emails. He said in managing 99 Speed Mart, he emphasized more on internal promotion and provide staff training and internal transfer.

Lastly he advised YEC members to act according to their means and start with a small capital. In addition, he said, one had to manage his or her own business and grow gradually with patience and prudence. He said young entrepreneurs should best invest in themselves, be thrifty and avoid arbitrary spending.

The Chamber was represented at the visit by Michael Leong Jit Min, Alan Tan Chee Lun, Kuan Jenn Haur, Sally Ong, Ethan Yan, Edwin Siew, Ernest Tan, Low Wee Ming, Darren Leow, Lee Chen Han, Kelvin Yap, Miko Ng, Ng Kim Heng, Justin Chong and 12 members.

15. 名人面对面系列 4 —— 从商“金”验

Face to Face with VIP 4.0

本会中小型企业暨人力资源组于 2023 年 9 月 2 日上午 10 时正，于 Courtyard by Marriott Setia Alam 宴会厅举办 <名人面对面系列 4—— 从商“金”验> 讲座会。此讲座会邀请多美集团 (TOMEI) 董事经理拿督吴逸平硕士担任主讲嘉宾。此活动除了为商业界人士提供学习、交流的平台，同时也为巴生中总筹募教育基金。

会长拿督陈杰辉在致词时表示作为中小型企业代表，本会深知创业之路的曲折与艰辛。在不断变化的市场环境下，如何在竞争激烈的商业世界中脱颖而出，是每位企业家都需要面对的挑战。而今天，有幸邀请到了拿督吴逸平硕士，一位在商界取得卓越成就的杰出人物，与本会分享他的创业心得和宝贵经验。

拿督吴逸平硕士认为，面对经济不稳定并不需要太悲观，最主要是做好应对的准备。他表示，行情好的时候，有人亏钱；行情不好的时候，也有人赚钱，所以为未来做好准备才是最重要的。

拿督吴逸平硕士在讲座上也针对令吉贬值及汇率波动不定表示，鉴于令吉走势不稳定，促使很多人开始将黄金纳入投资组合产品之一，这也是因为黄金具有货币属性的关系。他指出，黄金走势很大程度也与美国利息走向息息相关，比如美国升息时，黄金价格会下滑；反之，美国降息时，黄金价格则有走高迹象。

此次共筹获 RM57,413.30 的教育基金，并吸引百人出席此讲座。

本会代表出席者有丹斯里拿督林宽城、丹斯里林伟才博士、谢松坤博士、拿督陈杰辉、戴良麟、张裕民律师、王顺诚、黄晟尧、李伟丞硕士、黄玉贞、梁家兴博士、拿督李金谋、陈建成、拿督卢顺荣、邱良泉、莫壮俊、刘国祥硕士、陈秀丽、陈志伦、陈祈福、周源河、许永贵、林子枰、郑健亿、林俊翰、林其学、冯元光、江瑞祥、姚景益、陈志成、蔡林洲、刘伟敏、李泉炁、陈芮滢、李奕权、李进泉、吴美霞、黄亮贤、戴士原、李培进、苏咏维、洪国洲、龍泳善、李宽升、程晋强和拿督陈俊祥。

On 2 September 2023, the Chamber's SME and Human Resource Committee held the Face to Face with VIP 4.0 Talk at Courtyard by Marriott Setia Alam.

The talk, featuring guest speaker Datuk Ng Yih Pyng, managing director of TOMEI Group, was aimed at providing a platform for learning and networking for the business community in addition to raising education funds for KCCCI.

Speaking at the event, KCCCI President Dato' Jeffery Tan said as the representative for SME, KCCCI fully understood the hardship faced by aspiring entrepreneurs. How to prevail in the highly competitive business arena amid an ever changing marketplace was the challenge encountered by every entrepreneur. He said, the chamber was honoured to have invited Datuk Ng Yih Pyng who was a highly successful corporate personality to speak at the talk and share his valuable experience in entrepreneurship with KCCCI members.

According to Datuk Ng, one need not to be too pessimistic about the current volatile economy but to be prepared. He said even in good times, one might lose money while in bad time, one could make money. Therefore, he said, it was most important to be prepared for the time to come.

On the depreciating ringgit and fluctuating exchange rates, Datuk Ng said the unstable trend of the ringgit had prompted many people to include gold in their investment portfolio as gold had the properties as a currency. He explained that the movement of gold was closely related with the interest rate movements in the United States as any interest hike by the US would lead to a drop in gold price and any interest cut would result in an increase of gold price.

The talk successfully raised RM57,413.30 for the Chamber' s education fund. Total of 100 participants attended the event.

The Chamber was represented at the event by Tan Sri Dato' Lim Kuang Sia, Tan Sri Dr. Lim Wee Chai, Dr. Chia Song Kun, Dato' Jeffery Tan, Ir. Ter Leong Leng, Chong Jee Min, Wong Soon Sin, Ng Shern Yau, Lee Hooi Seng, Jessica Wong Yoke Chen, Dr. Leong Kai Hin, Dato' Lee Kim Meow, Tan Keng Sing,

16. 2023 大马反贪会论坛

MACC Forum 2023

本会商务暨财经研究组与大马反贪会于 2023 年 9 月 9 日，上午 10 时正，在莎亚南 Geno 酒店举办 2023 大马反贪会论坛，主要是向会员商家分享反贪的重要性，并由会长拿督陈杰辉带领参与者宣读反贪宣言。

本会会长拿督陈杰辉在致词时指出，反贪不仅仅是一个国家的治理使命，也是企业成功和可持续发展的关键所在。在当今全球化的商业环境中，诚信和清廉的企业经营原则成为了塑造企业声誉和吸引投资的关键要素。贪污和不道德行为不仅损害企业自身的声誉，还破坏了商业社会的基石。

反贪会特别行动处高级总监拿督陈江使表示关于第 17A 条例，主要是预防企业内有员工或执行员牵涉贿赂，因此企业需有一系列的程序防止内部有贪污及贿赂。而企业也需加强与反贪会的联系，反贪会不仅是调查贪污或贿赂，企业若面临难题，如发觉申请执照的程序有漏洞或条例不合理、官员特意为难等情况，皆可以呈报至反贪会，因反贪会需要这些情报才能调查。

On 9 September 2023, the Chamber's Commerce and Economic Research Committee and the Malaysian Anti-Corruption Commission (MACC) jointly organized the MACC Forum 2023 at the Geno Hotel, Shah Alam. The objective of event was mainly to highlight the importance of anti-corruption practice. In conjunction with the forum, KCCCI President Dato' Jeffery Tan led participants in declaring the Corruption-Free Pledge.

Dato' Jeffery pointed out that the anti-corruption drive was not only a mission of national governance but also the key for the success and sustainable development of a business. He added that in today's global business environment, business philosophy of honesty and integrity was the key to creating business reputation and attracting investment. On the other hand, corruption and immoral conduct would not only undermine a business's reputation but also damage the cornerstone of the business community.

According to Dato' Tan Kang Sai, senior director of MACC's Special Operations Division, the main purpose of Section 17A of the MACC Act (Amendment) 2018 was to prevent corruption and gratification by employees or executives of a commercial organization by implementing a series of procedures to prevent internal corruption and gratification. The MACC not only would investigate cases of corruption or gratification. Commercial organisations had to strengthen rapport with MACC and report any problems faced by them to the MACC such as loopholes in the application for licenses or permits or unreasonable regulations, or actions by government officers to deliberately make things difficult so as to enable the MACC to carry out an investigation based on the information received.

The forum was attended by 44 participants.

24. “2024 年财政预算案对经济、股市及税务的影响” 讲座会

Budget Talk 2024

本会商务暨财经研究组于 2023 年 10 月 16 日，晚上 7 时 30 分于本会礼堂举行“2024 年财政预算案对经济、股市及税务的影响”讲座会，主讲者为经济专家白文春、股市专家萧昕原及税务专家周德谦，主持人为本会财政兼商务暨财经研究组副主任李伟丞硕士。

本会会长拿督陈杰辉在致开幕词时表示，政府在 2024 年度财政预算案与其大费周章扩大销售及服务税（SST）的征税范围，在特定领域把税率从 6%调至 8%，同时向特定高价奢侈品落实奢侈品税，倒不如重新推行消费税（GST），以更透明全面化方式提升国家税收，乃上上之策。其指出，政府扩增销售及服务税，也会造成一些专业服务领域成本的增加，以致商家会把多余成本转嫁给消费者。

经济专家白文春认为，马币兑美元不会去到 1 美元兑 5 令吉的新低点。其坦言，令吉币值缺乏动力，其中因素是我国有 60%经济仍依赖国内消费，私人投资意愿不强，在 1998 至 1999 年经济风暴后，只维持占国内生产总值（GDP）15%上下。其希望随着政治稳定，政府政策能带动私人投资，否则工人薪资无法增加，就无法带动消费情绪。

股市专家萧昕原认为，政府在 2024 年财案发放有史以来的最大现金总额 100 亿令吉，相信可帮助中低收入群，缓冲国内通胀率或从目前 2%推高到 2.3%至 2.6%的通胀压力。其指出，昌明经济财案的两大看点，为国家能源转型路线图和 2030 年国家新工业大蓝图，尤其后者的总投资额达 950 亿令吉，但政府只出资 10%，今年先发放 2 亿令吉；其余 90%需靠吸引外资。

税务专家周德谦表示政府预计 2024 年会收到 307 亿令吉，其中 185 亿令吉来自直接税；58 亿令吉来自间接税；63 亿令吉来自其他收入如超车罚款等。开销方面，预计开销共 393 亿令吉，其中行政开销占 303 亿令吉，发展开销占 90 亿令吉。个人方面，在 RM2,500 的生活开销减免上，将运动方面的开销如健身房会员费、购买运动器材等独立出来，建议增加至 RM1,000 的税务减免。企业方面，涉及 ESG 方面的开销，在 2024 年至 2027 年期间可获得 RM50,000 的税务减免；同时 E-invoicing 会在 2025 年 7 月 1 日开始全面实施。

现场共有 136 人出席此讲座会。此活动由 AHAM Asset Management Berhad 赞助。

On 16 October 2023, the Chamber's Commerce and Economic Research Committee held a talk on Budget 2024 at the KCCCI auditorium to gauge the impact of Budget 2024 on the economy, stock market and taxation. The talk featured economist Peck Boon Soon, stock market expert Vincent Siau and taxation expert Zen Chow, and was moderated by Lee Hooi Seng, KCCCI Treasurer and Deputy Chairman of Commerce and Economic Research Committee.

In his opening speech, KCCCI President Dato' Jeffery Tan said the best policy for the government was to reintroduce the Goods and Services Tax (GST) in a more transparent manner to increase national revenue, rather than taking great pains in the 2024 budget to expand the levying scope of the sale and service tax (SST) by increasing the tax rate to 8% from 6% for selected sectors and imposing a luxury tax on selected high value luxury goods. He pointed out that the increase in SST would increase the cost for certain professional service sectors, forcing merchants to pass on the extra cost to consumers.

Peck Boon Soon was of the view that the exchange rate of ringgit would not further weaken to a new low of 1 US dollar for 5 ringgit. He admitted that the ringgit lacked momentum mainly due to the fact that 60% of the nation's economy still relied on domestic consumption with low private investment inclination. He added that during the financial crisis from 1998 to 1999, such investment inclination was only maintained at about 15% of the GDP. He hoped that with political stability restored, government policies could boost private investment otherwise it would be impossible to increase employee's wage or stimulate consumers' sentiments.

Vincent Siau said he believed that the biggest ever cash allocation of RM10 billion for Rahmah cash aid programme in the 2024 Budget would be helpful to the middle and lower income groups, buffering inflation pressure which may cause the current domestic inflation rate of 2% to rise to 2.3% to 2.6%. He pointed out that the two main highlights of the Madani Economy and Madani Budget were the National Energy Transition Roadmap (NETR) and the New Industrial Master Plan 2030 (NIMP 2030), in particular the total investment for the later amounted to RM95.0 billion with the government's share of investment at 10% only. A start up fund of RM200.00 million would be disbursed in 2024 and the remaining 90% be funded by foreign investment.

According to Zen Chow, the government was estimated to collect revenue totalling RM307 billion in 2024, of which RM185 billion would come from direct taxes; RM58 billion from indirect taxes; RM63 billion from other income such as speeding fines. Expenditure was estimated at RM393 billion, comprising operating expenditure of RM303 billion, development expenditure of RM90.0 billion. For individual taxpayers, in addition to a general lifestyle tax relief of RM2,500 under Budget 2024, a tax relief up to RM1,000 had been proposed for purchase of personal sporting activities such as gym membership fees. For businesses, Tax deduction up to RM50,000 for each year of assessment (YA) effective from YA 2024 to YA 2027 will be given for Environmental, Social and Governance (ESG) related expenditure. Meanwhile, E-Invoicing would be fully implemented effective 1 July 2025.

A total of 136 people attended the talk which was sponsored by AHAM Asset Management Berhad.

The Chamber was represented at the event by Dato' Jeffery Tan, Ir. Ter Leong Leng, Lee Hooi Seng, Dr. Leong Kai Hin, Dato' Lee Kim Meow, Ng Tien Chor, Tan Keng Sing, Ir. Lee Ah Yew, Low Kok Siang, Michael Leong Jit Min, Lim Zee Ping, Lee Kew Peng, Sow Kim Ling, Lee Eh Sin, Melvin Lim, Siew

On 3 November 2023, the Chamber's Agriculture and Industry Committee, Digital Economy Committee and SME and Human Resource Committee jointly organized a conference entitled "Unlocking AI with KCCCI: A Practical Sharing for Your Daily Use" at the Courtyard by Marriott Setia Alam. Citing examples of Microsoft-based solutions, the talk discussed ways to apply AI technology to assist various sectors, including manufacturing, medical health, agriculture and aquatic breeding, logistics and F & B service to uplift their efficiency, accuracy, productivity and customer satisfaction.

Speaking at the event, KCCCI President Dato' Jeffery Tan said the emergence of AI would certainly bring vast opportunities and at the same time eliminate many conventional jobs. Entrepreneurs should master the uses

of AI as soon as possible and use AI to venture into new areas instead of worrying whether they would be replaced by AI.

The talk was officially opened by Datuk Ts. Dr. Hj. Aminuddin bin Hassim, Secretary General of the Ministry of Science, Technology & Innovation, Malaysia (MOSTI) adding an important policy perspective to the event. Datuk Amminuddin said the increasing development of AI technology was accompanied by a series of challenges and problems. Hence, he added it was crucial that the relevant policy and regulations be formulated to ensure the safety and security, ethnics and sustained application of AI.

These policies would provide strong support for science and technology innovation and development in the AI sector, thereby reinforcing Malaysia' s competitiveness in the global science and technology innovation sector.

45. 《龙腾四海，福运当前》慈善活动 2024 Charity Event 2024

本会女企业家组于 2024 年 1 月 20 日，上午 10 时正于本会举办《龙腾四海，福运当前》慈善活动 2024，共有 100 位在家访筛选后成功的受惠者出席仪式，每名受惠者可获得 590 令吉的现金红包及价值 250 令吉的物资礼包。

会长拿督陈杰辉致词时表示，近年通货膨胀已压迫市民生活，为此，商会盼政府推行的主要数据库（PADU）能有效地提供针对性援助补贴，让真正有需要者受惠。他指出，主要数据库的建立，不仅会记录市民的个人资料，而且也让当局得以对照一些主要部门的数据，让政府可针对性发放补贴。

另外，他指出，尽管通胀压迫人们的生活，但今年商家在参与慈善工作上，却也不落人后，让该会得以援助有需要的赤贫家庭。今年本会所得捐献和物资援助皆有所增加，此外，受惠家庭也在热心人士的帮忙之下，在经过严格筛选后，得到所需的援助，从而可在今年度过一个温暖的农历新年。

女企业家组主任王为圆致词时表示，今年我们共收到 134 个家庭的申请，最终在严格筛选后将援助金颁发给 100 个真正有需要的赤贫家庭，希望未来将有更多善长人翁参与捐献活动。

今年的慈善活动，在董事以及社会各界人士的大力支持和慷慨解囊之下，成功筹集 5 万 9000 令吉的善款；每位受惠者将获得 590 令吉的红包和价值 250 令吉的物资礼包。

On 20 January 2024, the Chamber's Women Entrepreneurs Committee organized the Charity Event 2024 in conjunction with Year of Dragon. A total of 100 selected recipients attended the event and each received a RM590.00 cash Ang Bao and a gift hamper worth RM250.00.

Speaking at the event, KCCCI President Dato' Jeffery Tan said in recent years, inflation had added hardship to the general public. Hence, the Chamber hoped that the PADU (National Utility Database, or Pangkalan Data Utiliti Kebangsaan) launched by the government could effectively provide targeted aid to the people and benefit those who really require assistance. He pointed out the establishment of PADU was not only for storing of citizens' personal data but also allow the authorities to cross refer and verify data collected by other key agencies, to enable the government to distribute targeted subsidies .

He added that the government had to resolve the problem of such “wrong” subsidy targets since those could afford to buy expensive cars were believed to be able to afford the petrol cost. With this, the government could save the unnecessary expenditure and provide the targeted subsidy directly to the needy and living in extreme poverty. Each year, KCCCI organized charity activities to offer assistance to needy families and by conducting family visits and interviews, it had come to know that there were in fact many impoverished families in Klang, especially the elderly who lived alone and helpless.

Meanwhile, he said although inflation had adversely impacted people’s life, many businesspeople remained enthusiastic in participating charity work, enabling the Chamber to continue providing assistance to the needy. Donations and cash in kind received by the Chamber for charity had also increased. The aid recipients had undergone strict screening and selection by the Chamber with the help of well-wishers. The gift received from the Chamber would enable them to share a joyful Chinese New Year.

Women Entrepreneurs Committee Chairman Heng Ooi Eynn said this year the Chamber had received application from 134 families and 100 of the most needy families were eventually selected to receive the aid. She expressed the hope that more donors could participate and contribute towards the charity event.

Thanks to the strong support and generosity of the Chamber’s council members and the general public, the Chamber successfully raised a total of RM59,000.00 for the charity event.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KLANG CHINESE CHAMBER OF COMMERCE AND INDUSTRY (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Klang Chinese Chamber Of Commerce And Industry (the "Chamber")**, which comprise the statement of financial position as at 31 December 2023, and the statement of income and expenditure and statement of receipts and payments for the financial year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information, as set out on pages 5 to 24.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Chamber as at 31 December 2023, and of its income and expenditure and receipts and payments for the financial year then ended.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Chamber in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Responsibilities of the Council Members for the Financial Statements

The Council Members of the Chamber are responsible for the preparation of financial statements of the Chamber that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standard. The Council Members are also responsible for such internal control as the Council Members determine is necessary to enable the preparation of financial statements of the Chamber that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Chamber, the Council Members are responsible for assessing the Chamber's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council Members either intend to liquidate the Chamber or to cease operations, or has no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
KLANG CHINESE CHAMBER OF COMMERCE AND INDUSTRY**
(Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Chamber as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- i) Identify and assess the risks of material misstatement of the financial statements of the Chamber, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chamber's internal control.
- iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council Members.
- iv) Conclude on the appropriateness of the Council Members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Chamber's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Chamber or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Chamber to cease to continue as a going concern.
- v) Evaluate the overall presentation, structure and content of the financial statements of the Chamber, including the disclosures, and whether the financial statements of the Chamber represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Council Members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2025

- Amendments to MFRS 121 The Effects of Changes in Foreign Exchange Rates

2.3 Functional and presentation currency

The financial statements are presented in Ringgit Malaysia ("RM"), which is the Chamber's functional currency. All the financial information is presented in RM.

2.4 Used of estimates and judgements

The preparation of financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than:

- Note 4 Depreciation of equipment
- Note 5 Depreciation of right-of-use asset

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2023

3. MATERIAL ACCOUNTING POLICY INFORMATION

The principal accounting policies adopted are set out below:

3.1 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Chamber and the cost of the item can be measured reliably.

Subsequent to the initial recognition, costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Chamber and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised in profit or loss as incurred.

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Freehold land is not depreciated. Depreciation of property, plant and equipment is computed on a straight-line method to allocate the cost, to their residual values over their estimated useful lives are summarised as follows:

	<u>Rate</u>
Freehold buildings	2%
Computers	40%
Furniture and fittings	10%
Office equipment	10%
Renovation	10%
Signboard	10%

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful lives and depreciation methods are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.2 Impairment of non-financial assets

At each reporting date, the Chamber assesses whether there is any indication that an asset may be impaired. If any such indication exists, the recoverable amount of the asset is estimated.

When there is an indication that an asset may be impaired but it is not possible to estimate the recoverable amount of the individual asset, the Chamber estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset and a cash-generating unit is the higher of the fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the future cash flow estimates have not been adjusted.

If the recoverable amount of an asset or a cash-generating unit is less than the carrying amount, an impairment loss is recognised to reduce the carrying amount to its recoverable amount.

The impairment loss is recognised in profit or loss immediately.

All assets that suffered impairment loss are reviewed for possible reversal of the impairment at each reporting date. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised in prior periods. A reversal of an impairment loss is recognised immediately in profit or loss.

3.3 Financial assets

Financial assets are recognised in the statement of financial position when, and only when, the Chamber becomes a party to the contractual provisions of the financial instrument.

When financial assets are initially recognised, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss ("FVTPL"), directly attributable transaction costs.

The Chamber determines the classification of financial assets upon initial recognition. The measurement for each classification of financial assets are as below:

(i) Financial assets measured at amortised cost

Financial assets that are debt instruments are measured at amortised cost if they are held within a business model whose objective is to collect contractual cash flows and have contractual terms which give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss through the amortisation process and when the financial assets are impaired or derecognised.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2023

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.3 Financial assets (continued)

(ii) Financial assets measured subsequently at fair value

Financial assets that are debt instruments are measured at fair value through other comprehensive income ("FVTOCI") if they are held within a business model whose objectives are to collect contractual cash flows and selling the financial assets, and have contractual terms which give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets that are debt instruments are measured at fair value. Any gains or losses arising from the changes in fair value are recognised in other comprehensive income, except for impairment losses, exchange differences and interest income which are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

Financial assets that are debt instruments which do not satisfy the requirements to be measured at amortised cost or FVTOCI are measured at FVTPL. The Chamber does not have any financial assets measured at FVTPL as at the financial year end.

Equity instruments are classified as financial assets measured at FVTPL if they are held for trading or are designated as such upon initial recognition. Equity instruments are classified as held for trading if they are acquired principally for sale in the near term or are derivatives that do not meet the hedge accounting criteria (including separated embedded derivatives).

Subsequent to initial recognition, financial assets that are equity instruments are measured at fair value. Any gains or losses arising from the changes in fair value are recognised in other comprehensive income and are not subsequently transferred to profit or loss. Dividends on equity instruments are recognised in profit or loss when the Chamber's right to receive payment is established.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned. All regular way purchases and sale of financial assets are recognised or derecognised on the settlement date, i.e. the date that the asset is delivered to or by the Chamber.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2023

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.4 Impairment of financial assets

At each financial year end, the Chamber assesses whether there has been a significant increase in credit risk for financial assets by comparing the risk of default occurring as at the financial year end with the risk of default since initial recognition.

In determining whether credit risk on a financial asset has increased significantly since initial recognition, the Chamber uses external credit rating and other supportive information to assess deterioration in credit quality of a financial asset. The Chamber assesses whether the credit risk on a financial asset has increased significantly on an individual or collective basis. For collective basis evaluation, financial assets are Chambered on the basis of similar risk characteristics.

The Chamber considers past loss experience and observable data such as current changes and future forecasts in economic conditions to estimate the amount of expected impairment loss. The methodology and assumptions including any forecasts of future economic conditions are reviewed regularly.

The amount of impairment loss is measured as the probability-weighted present value of all cash shortfalls over the expected life of the financial asset discounted at its original effective interest rate. The cash shortfall is the difference between all contractual cashflows that are due to the Chamber and all the cash flows that the Chamber expects to receive.

The Chamber measures the allowance for impairment loss on financial assets based on the two-step approach as follows:

(i) 12-months expected credit loss

For a financial asset for which there is no significant increase in credit risk since initial recognition, the Chamber measures the allowance for impairment loss for that financial asset at an amount based on the probability of default occurring within the next 12 months considering the loss given default of that financial asset.

(ii) Lifetime expected credit loss

For a financial asset for which there is a significant increase in credit risk since initial recognition, a lifetime expected credit loss for that financial asset is recognised as the allowance for impairment loss by the Chamber. If, in a subsequent period the significant increase in credit risk since initial recognition is no longer evident, the Chamber reverts the allowance for impairment loss measurement from lifetime expected credit loss to 12-months expected credit loss.

For trade and other receivables which are financial assets, the Chamber applies the simplified approach in accordance with MFRS 9 *Financial Instruments* and measures the allowance for impairment loss based on a lifetime expected credit loss from initial recognition.

The carrying amount of the financial asset is reduced through the use of an allowance for impairment loss account and the amount of impairment loss is recognised in profit or loss. When a financial asset becomes uncollectible, it is written off against the allowance for impairment loss account.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2023

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.5 Cash and cash equivalents

Cash and cash equivalents consist of cash and bank balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three month or less, and are used by the Chamber in the management of their short term commitments.

3.6 Financial liabilities

Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss. Financial liabilities carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in profit or loss.

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee or a designated and effective hedging instrument) or financial liabilities that are specifically designated into this category upon initial recognition.

All financial liabilities are subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through profit or loss.

Other financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

3.7 Revenue and other income recognition

(i) Rendering of services

Revenue is recognised upon the rendering of services and when the outcome of the transaction can be estimated reliably. In the event the outcome of the transaction could not be estimated reliably, revenue is recognised to the extent of the expenses incurred that are recoverable.

(ii) Entrance fee

Entrance fee is recognised in the statement of income and expenditure in the financial year in which the new members are approved.

(iii) Subscription fees

Subscription fees and events income are recognised in the statement of income and expenditure on an accrual basis.

(iv) Interest income

Interest income is recognised when it is received upon maturity, using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2023

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.7 Revenue and other income recognition

(v) Dividend Income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(vi) Rental income

Rental income is recognised on an accrual basis.

3.8 Employee benefits

(i) Short-term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit sharing plans if the Chamber has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in profit or loss in the period to which they relate.

3.9 Current and deferred income tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised, using the liability method, on temporary differences arising between the amounts attributed to assets and liabilities for tax purposes and their carrying amounts in the financial statements. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses or unused tax credits can be utilised.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

For the financial year ended 31 December 2023

3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

3.9 Current and deferred income tax (continued)

Deferred and current tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

巴生中华总商会 2023 年度会员大会

会长拿督陈杰辉致词稿

17-6-2023

首先我要代表商会欢迎各位会员出席今天巴生中华总商会的常年大会。也感谢你们一路来对商会的支持与爱护。在这一年董事们都群策群力，出钱出力，主办了许多活动，造福会员和巴生社区，带动巴生的经济繁荣。各位董事们，各位会员们，谢谢你们！

在过去 1 年内，本会举办了一系列的讲座会，增加会员们的知识，学习 Tiktok 及线上线下经营方式，提升生产力，竞争力。我们也主办新会员交流会、商业配对交流会、以及有关 ESG 讲座会，同时招待外国来的贸易投资团，主办到外国去拜访的商务考察团，让会员们建立海内外商业网络及开拓海外市场。今年也和雪州旅游局合作，成功主办雪州滨海旅游汽车寻宝活动。

为了提升商会的服务，去年我们也成立“巴生中总专家咨询组”，推出一整年的专家咨询服务，包括人力资源、法律事务、税务、贷款与融资、海关关税、地方政府、外劳及政府补贴。结合不同领域的专家顾问给予专业指导，为本会会员商家解困，提升竞争优势，迈向高质量发展。

除了这些商业活动，商会也设立了教育基金，提供奖学金给在中学就读的清寒弟子，今年本会的女企业家组也主办了一年一度的慈善活动，筹款帮助 100 个家庭。同时也发挥国际援助，筹款捐助土耳其及巴基斯坦天灾。

各位,

我们谈一谈国家经济问题和挑战

我国受到疫情 3 年的影响后，经济仍处于不稳定情况，尤其是商家面对许多挑战如：

1. 国行升息，导致业者在迫不得已的情况下，把成本转嫁给消费者，导致市场上又会迎来另一波的消费力放缓。虽然大家都说已迎来经济复苏，但有多少中小企业已真正走上复苏轨道？很多商家尤其是中小企业，依然面对缺乏员工，无法全面生产的苦恼，有些出口的也因全球经济放缓而生意下跌，许多业者也仍然在高利息的贷款中渡过日子。
2. 最低薪金制大幅提升 25%-36% 至每月 1500 令吉，在 2022 年 5 月 1 日起生效。我们认为政府应多聆听工商界的意见，及采取逐步提高幅度的策略而不是在未展开任何协商的情况下宣布上述决定。而且在制定方面，应该以地方来区分，比如说，其它比较落后的州属如吉兰丹和登嘉楼不应该和雪隆一样的标准。同时电费附加费上涨也造成企业额外的成本增加。
3. 今年 4 月国际职工会大马联络委员会（UNI-MLC）向政府及雇主提出 12 项诉求，包括雇主公积金缴纳率从 13% 提高至 20%，提高公积金缴纳率是雇主与员工的集体责任，只要求雇主增加缴纳率是不公平的。此将导致包括微型及中小企业因为营运成本太高及利润减少而裁员，进而造成更多失业。政府必须谨记，我国 97% 企业为中小企业。所以政府不应该在这个时候探讨这个事情。

4. 尽管我国经济在冠病疫情后出现反弹，但劳动力短缺及令吉疲软，导致原材料成本和利率上升，继续对各行各业构成压力。另外高通货膨胀也降低人民的消费购买率，使人民面对生活困境，在此呼吁政府应采取应对措施以控制不断上升的通货膨胀率，如政府或贸销部应该严格监督和管制物价上涨的问题；同时应改善经商环境和政策才能减少营运成本。另外，也呼吁政府检讨令吉汇率的结构性改变以使马币更加稳定而不是好像在漂浮不定。
5. 巴生厂商面对执照费大暴涨问题，巴生市议会的新算法为业者带来巨大冲击，执照费从 500 令吉变成 80 万令吉不等，将冲击巴生在经济上的竞争力，吓走投资，有损巴生港口的竞争力。

市议会的新算法是根据厂房和仓库面积计算，同时细分其他执照，很多厂商可能因为成本问题而选择搬迁至其他地区，希望州政府及地方政府检讨把执照费调整至一个合理的范围。

政府腐败和官僚主义必须采取行动

马来西亚在年度透明国际贪污印象指数中继续下滑，在打击腐败方面输给了印尼、中国、印度和越来越多的伊斯兰合作组织国家，希望朝野双方能在未来 5 年放下政治歧见和恶斗，以国家经济和人民福祉为重，各司其职拯救大马经济。也呼吁政府应付出决心、规划和行动，解决官僚主义、政府部门办事效率差、贪污漏洞等困扰我国已久的问题。

政客玩弄种族和宗教应该停止

政治稳定对于马来西亚非常重要，良好经济发展可以通过政治稳定来实现。在当前充满挑战的经济情况下，政治稳定将带给马来西亚的经济复苏和发展一个很关键的作用。

而多元种族、多元宗教社会，宗教事务很容易被炒作成为敏感课题，因此在处理相关事件时，各方都应秉持负责任的态度。

而我国的宗教与种族情绪，已被政党严重政治化。马来西亚人民必须摆脱种族与宗教政治。拒绝有种族主义倾向，企图利用种族和宗教课题博取支持的政治人物，因为他们可以为了个人的利益，不惜典当国家和种族的和谐，甚至拖垮整个国家。

在座的朋友们，我国正面对最严峻的全球经济危机和经济放缓。政府、企业及人民应该携手合作，全力专注在经济课题上，共同面对及渡过这个难关。因此，也促请政府动员所有的力量共同应对当前的挑战，进而重振国家经济。

我们再谈谈 RCEP 区域全面经济伙伴关系，这是给有准备的人的商机

RCEP 15 个签署国已经全面生效，并推进了成员国 CPTPP《全面与进步跨太平洋伙伴关系协定》对 11 个签署国之间的经贸合作和区域经济一体化生效，为亚太区域经贸金融合作带来新机遇。也就是贸易投资自由化和便利化，最主要区域内 90% 以上的货物贸易将逐步实现零关税。这将有利于马来西亚的出口增长，中小型企业可从 RCEP 和 CPTPP 带来的关税优惠、通关简化、贸易投资便利化等红利。

落实 ESG 势在必行 中小型企业别再“拖”了

大马是以出口为主的国家，许多中小企业都是全球供应链的一部分，必须应对欧美贸易伙伴国在气候相关法规劳动政策以及治理的严格要求。

我们很多出口市场都要求出口商符合 ESG 标准，所以我们需要为我们的公司，特别是中小型企业做好准备，以过渡到更符合 ESG 标准，来应对门槛甚至扩充到全世界的市场。

重申 2030 年新工业大蓝图

投资、贸易及工业部正拟订 2030 年新工业蓝图 (NIMP 2030) ，预计在今年 9 月提呈该全新的大蓝图来推动我国工业发展。

关键的长期解决方案是确保大马在数码化、自动化、机器人和其他科技的推动下，生产更附加价值和精密的出口产品，这将有助提高出口收入。

我们期待能为中小型企业 and 国民创造更高价值的产品及提供更高素质的工作机会。

旅游业

另一方面，旅游可说是一个无烟工业，也是马来西亚 5 大 GDP 贡献之一。马来西亚拥有非常多的自然环境和景点，而且能够带动许多的行业，巴生中华总商会也非常注重旅游业的发展。旅游业业者应做好迎接外国游客的准备，不要错过当前的报复性旅游浪潮。

随着首相拿督斯里安华宣布 2025 年为大马旅游年，希望政府能协助增加外国飞抵我国的航班，且让中国和印度游客享受更方便的落地签证，同时也应简化外国游客入境手续。

本会也已在近日拜访吉隆坡国际机场移民局，并向移民局反应和提出包括改进和提升入境检查和柜台服务等事项。包括中国的商家和游客等在办理入境手续时，往往因语言不通而受到阻扰。这也有助于提高我国形象，让入境的外国游客留下良好印象。

雪州滨海有许多吸引游客的卖点和景点，如适耕庄、瓜拉雪兰莪和瓜拉冷岳及巴生，所以推动雪州旅游业不仅可以吸引人潮，还可以促进当地经济，增加就业机会，提升当地竞争力。

明年中总主办的世界华商大会将在吉隆坡举办，本会也将积极配合扮演重要角色，希望借此机会整合及推广雪州包括巴生旅游景点至全世界的华商。

掌握新兴行业

新经济和新需求的崛起催生出新兴职业的发展，如养老、人工智能、电动汽车、机器人自动化、现代农业等，这些领域都是未来的商机。
